Alert Bay B.C.
26 Sept. 1885-

My dear Anna,

When here last, about
three weeks ago, I wrote to you at
some length & now have nothing
particular to add. I find my
letter is still waiting here for a
chance South & this will
doubtless reach you at some
time with it. I have to thank
you for your kind letter written on
my birthday which I find waiting
on my return a day or two ago.

Please congratulate Bernard on
his safe return. I hope he
has had a very pleasant trip
& feel sure he must have seen

and to interest him. When
 I wrote in my last about my wish
 that you should take a little
 holiday, & ramble before winter, at
 my expense I thought probably
 Bernard would not be back till late.
 It will be all the same to
 arrange now, however, & I trust
 if the weather is at all good
 that you will not mind to
 comply with my request. Ever
 since we got back here it has
 been storming & raining, & there
 has been nothing for it but wait
 at anchor. No work to be done

a very fortunate it is that
we have concluded with mail &
I've some newspapers etc to read

Your affectionate brother

George

P.S. See under, I father I find
I dated 23 Sept, in place of
24th you right mention this
of him. W that it is a matter
of consequence.

Geo
