Ashcroft B.C.
Aug 25th 1888

Dear Anna,

I reached Kamloops
yesterday night before last and
found both Jerry and
William there. Yesterday
we set out on a hand-
car and did 45 miles
of road, the weather
being lovely. This morning
it is again fine though
hot and we hope for
another good day's
work. Our party being
a "congenial" one we
are having a very pleasant

time and I am having
an opportunity of seeing
a part of the country
by daylight which
I passed through in
the night before. It
is a very beautiful
country too and well
worth seeing. The proba-
bilities are that we shall
get through to Yale on
Sunday and take the
train for the east there.

Breakfast is ready so I
must not write longer
Yours lovingly B.
