

Sir Edm to Anna of  
 Letter notes.

July 7/92

Dear Anna

I thank you  
 for your two letters, and  
 shall attend to their  
 content. I can assure  
 you in my present  
 solitude I am glad  
 to have a letter even  
 about an old pair  
 of spectacles. I hope  
 the fine weather has  
 revived you as it  
 has Montreal. Sunday  
 seems with us to have  
 been the final deluge  
 and it has been

29/7/20  
Sunny ever since.

I hope you like the  
Landscape photo, of Mamma  
by G. Kellie. He has <sup>Re-</sup>  
stored in a landscape  
way my old friend  
Maggie Mever with her  
wild eye and saucy  
mouth. It is certainly  
a work of art.

This letter however  
is really apropos of our  
enclave from Hamilton,  
who seems small & find  
nothing - you want. If  
you can suggest a sub-  
stitute I shall attend  
to it. Ever yours

McDermott
