

Little Metis  
 Aug. 1<sup>st</sup> 1894.

My dear Mother,

I am afraid  
 you have got letters  
 lately which are mere  
 odds + ends. I think  
 Mariel will be very  
 sorry to leave on  
 Monday, she came on  
 a Monday + is going on  
 the so her week is  
 very exact, I wanted  
 her to stay a few  
 days longer only  
 only she would not  
 when she had only  
 my invitation. My

Convention's plan was  
that I should return  
with Mariel, but I  
knew it could not  
be — Three nights ago  
Mrs Molson asked  
us to tea, the night  
before last Grandma  
asked us, & last  
night Mrs. Cochrane  
had us. Yesterday  
morning, Mariel  
Kath & I went out  
in Mrs Molson's yacht  
it was very rough,  
& I got sick to my  
stomach, because the  
waves came right

over, we were quite  
close to the steamer  
Mabel Holson was  
sick for the first  
time in her life  
& poor Muriel was  
far sicker, I think,  
because she did  
not give in, she was  
so white, as for  
Muth & I do not  
think we will ever  
be ill - I know  
Mabel Holson a  
little better than I  
used to & like her  
very much, she also  
came to Grandman's

she is the one who  
is so shy, but she  
is getting over it  
now. The Peck  
boys are going to  
arrive this morning.  
Mrs Peck has asked  
Conrad to go with  
her to meet them.  
As for meeting  
the boys from the  
Pecks it is impos-  
sible, because Mrs  
Peck thinking she  
is doing a great  
kindness always

asked the boys over,  
she said to me  
one day "you know  
Contract is a special  
favourite of mine  
I am very fond of  
him - Every body  
likes him so much  
myself beyond thinks  
he is the nicest &  
best looking little  
boy she was ever  
seen, certainly he  
has very pleasing  
manner when they  
come out - these  
are the presents
