OTTAWA.

My dear Anna,

I am much
indebted for your trouble in
writing in reply to my letter
of Tuesday. Yesterday evening
I got a telegram from
Mother in reply to my note
to her advising Cabling as
I had suggested in order
that everything possible might
be done. I had not thought

of any particular message,
 but after consideration &
 the reading of your letter
 this morning Cabled as
 follows. — "I absolutely
 insist on postponement
 publication until family
 Satisfied."

I will see William &
 see what he thinks about
 writing, but I think that
 if R. pays no attention
 to my Cable nothing will
 stop him but a legal
 injunction against publication.

or sale. This I think could
be arranged, but one would rather
not resort to it if possible.

I did not arrange matters with Conrad
about that sum, but if you would make
any terms you think right about it, in
connection with his studies, I shall be
glad to be informed & act in

accordance with them

Yours
George
