Dear Mother

I have left
my new piece of music
behind I thought I
had brought it with
me but I found I
had not I wish you
could get it for me
it is a Gavotte by
Bach it has 2 flats
& it is written to Miss
Jane something. We
went in bathing for

the first-time² to day
the water was not
very cold, it has
been perfectly lovely
here to day, for about
to days after we had
planted the plants
it was quite dull and
so they have done
better than we thought

There were 2 screws
in the back of the
Piano that Mr Yucky
could not get out
Mr Yucky said they
must have been put
in by machinery so
they had to make

a whole in the Piano's nose and
pull the piano through with the
acorns in it. and they are still
in the Piano; there are perfect
myriads of borgetme-nots and
lots of Iceland poppies. The
dog does not go on the pleasure
seeds much at all and is
perfectly happy here to see all
to run about just where he
likes. Bella says as soon as

soon as ⁴ it gets
day light - it works
at the shed door till
he gets it open and
then runs out as
proud as punch. so
good bye with love
from Lois Harrington
