May 14th 1909

Dear Mother,

I suppose you have arrived in England at this time, and hope

you had a very nice voyage. I wonder if you have it as

cold there as it has been here the past week. We had a very severe

frost one night which

can and send them to us get them need if you can

quite killed the leaves
and wild flowers and
they have turned all
brown, but it has
been beautifully sunny
and bright all the same.
Yesterday we went up
the mountain and
got a lot of ferns
which we put in pots
when we reached home
they seem to be grow-
ing all right. We also
meant to get some tad-
poles in a ginger - ale
bottle, but poppie got

cross and threw it
away.

Last samedi we went
down to Bonsecours Mar-
ket and got two peaked
hats; the woman was
very much amused to
hear we were going to
wear them ourselves.

Lois has trimmed them
with chuse cloth: she
would have hers different-
and, as usual, hers is
the prettier - so every-
body thinks!

I wrote samedi in

French because I had written Saturday with a small letter.

We had some scripture questions this morning and the results were magnificent so we think, but Miss Howard thinks the opposite, good bye from E. no

P. S.

Miss Howard made me write this letter in school which was very mean of her therefore I made her tell me what to get all ~~say~~ will you please the new issue of stamps you
