

McGILL UNIVERSITY,
MACDONALD CHEMISTRY AND MINING BUILDING.

DEPARTMENT OF
CHEMISTRY AND MINERALOGY.

MONTREAL, August 21th/07

Dear Mrs Harrington

Received with thanks your letter
I had the detective
Gorman up to go through the house with me
today and we found a man collar and
tie on ^{mt} in C.H. flat in Hall way 15 1/2 size and a
pocket anekefer he took them with him as they
have also the same laundry make on them
we found in the library a Electrical lamp
and two ^{small} batteries the detective want to know if
they were there befor we also found a overcoat
of Dr H. on the sofer tied up ready to carrie off
in the library with canfoball in it so we will
not touch enny more things till you returns
as they want to be on the look out he say they
may return next door but all is wright there
the corner house at milton street and university
was also broken in too, on thursday ^{last} done more
harm there i have mail the water bill down
to you was very please to ^{here} such good new
of Dr H. i have just clear the small Museum
out and got the chain in and look well i got
69 in ^{the room} make a nice class rooms are get
on well with the building on the third floor now
expect to get roof on early. I remain your truly
Edith Grimsdale
