My dear Mrs. Harrington

We are much pained  
to hear of your sickness.  
We all love Dr Har-  
rington. He had a refined  
& dainty way with  
him accompanied by  
a delicate & loyal friend-  
liness which we all  
felt & appreciated. We  
feel that we have lost  
a dear friend - & what  
it must mean & you

I cannot bear to think! & to his children!  
I appreciated very much your kind letter  
of last month & your interest in my family.  
We were very sorry to hear that Dr Har-  
rington had suffered so much pain &  
discomfort this last year, but I did  
not fancy that you were anxious in regard  
to any immediate danger - & it came to  
us as a great shock. Mr Sargent and Elizabeth  
join me in the deepest sympathy & are  
Yours -

Always your friend -
