Dec 2/07.

My dear Mrs Harrington

I note with an regret  
the death of your husband and my friend,  
we were chums at McGill.

I at that time had the honor  
of knowing your father and your mother; your  
brothers and yourself

From 1866. to Mar 1906 I had not seen  
your husband.

Forty years is a long day.

I called to see him and he said  
"Ferg", I was wondering the other day what  
had become of you"

I replied

"Barney", I just came to see  
you"

I am glad I renewed our friendship.

In his years, the charm of his youth  
had not departed,

with regards and sympathy

Yours faithfully

John Ferguson
