Dr. Frank. D. Adams,
Prof. of Geology, McGill University,
Montreal, Que.

Dear Dr. Adams:-

I am in receipt of your letter of the 7th inst and heartily endorse what you say regarding our departed friend Dr. Harrington. I shall be most happy to subscribe the sum of twenty-five (\$25⁰⁰) Dollars towards a permanent memorial to Dr. Harrington's memory and I feel deeply honored upon being designated as one of the original subscribers to the fund.

Dr. Harrington was a man, beloved by all his students. He always took a deep interest in their success both during their college course and after graduation, and his death, as you say, leaves a great gap in the University ranks.

If it should be found necessary to call upon the original subscribers for an additional amount I shall be very pleased to contribute my share of same, because I feel that it is the duty of Dr. Harrington's student friends to contribute to his memory a memorial worthy of the man, whose death we all deplore.

With kind regards, I remain,

Yours very sincerely,

Frank V. White
