H. M. TORY, M. A., D. SC., LL. D.

DEPARTMENT OF EDUCATION

EDMONTON, March 6, 1908.

Mrs. A. L. Harrington,  
Montreal, Que.

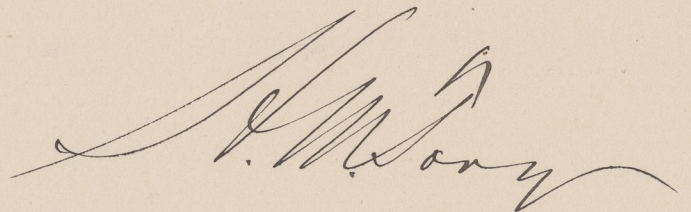

Dear Mrs. Harrington:

I have the question of books in hand with the Department here, and in a short time you will hear from me more definitely. I propose purchasing the books mentioned between us, but have not yet got the finances arranged for. It is just possible I will have to leave the completion of the matter until I am in Montreal in April. I hope if such is the case that this will not inconvenience you.

We have had no winter out here as yet. It has been all blue sky and sunshine, just cold enough to make you step smartly.

Please remember me kindly to the members of your family.

Sincerely yours,

President.
