

More Light

great God I long for more of light;
I long for more of Thee;
Oh give to me a keener sight
That Thy face may see

Thou must be everywhere, Oh God!
Thou must be near to me!
Oh give to me a firmer faith,
That Thy face may see.

At times my God I know I get
A ray of light Divine;
Oh make that ray into a beam,
And through me let it shine.

Without Thy light, Almighty God
This life were dark indeed -
Shine through the darkness of my soul;
More light is what I need.
