Dear Professor Harrington.

Pray accept my best
thanks for yr excellent Biography
of his William Logan. Knowing

as I was do some of the country
he described, & some of the results

of his work in the collection

now at Ottawa, it is of the
greatest

interest to me to be able to
follow his life in its
description, and in his own
journals largely quoted by

you. Your book is a
great addition to my Canadian
Library. Believe me

Yours truly
Father
