

Little Notes
July 9th

1887

Dearest Bernard,

you have got
back to town as I see from
your last letter, I am
sure you must find plenty
to do, you are very uncom-
municative however; I have
been wondering what you
w^d do about - Kate. As F.
seems to have failed in
all her search for a new one
I must have spent a small
parture in advertising.
Let me know about the
extra room at Astor - it really
looks so desirable there, I am
disgusted that I was too
late to get the orders at first -
I have engaged Grace McEwen

she will come down the day
Laura is to arrive & be on hand

I hope you will bring
an organ I consider it
a most desirable edu-
cational advantage for

the children - & with
Laura here too they ought
to have a good deal of
music I am sure I do

not overrate the benefit
& as money has been
plac'd on all hands

you must not stop
at that least small
sum -

affec^t

Anna
