

Montreal May 28th

Dear Father

Last Queen's birth-day
we had some fireworks. We had
roman candles, pin wheels, a
flower pot and red and blue
lights. It is raining very hard
so we cannot go out.

Carpy gave me a plant of

forget-me-not. I want to know
if I should take it to Metis
or leave it here. Uncle George
gave us a dozen blood oranges
when he was here.

I hope you will come home soon.

Ruth sends her love and sa doo

From your loving little

Edith
