

December Wednesday the 01, 1890

Dear Mr. Harrington,
I want too know what
I will do with your pork
will you have it sent to Montreal
or give it to the stores here
I intend killing 01, this week
we cannot attend to so many
as it take an awful lot of
grain to feed them
I think to keep the remainder
over to the Spring. So I would
like to see as soon as possible
and if you are taking them to town
what butter we have got I
shall send it with them

Believe me yours
