Little Metis June 11th 1908

Dear father,

I hope you are

all well the plants are
getting on fine the peas
and beans are ahead of
all the rest of the seeds
the peas are alot bigger
than the beans there are
lots of nasturtiums
up now and all the
minumete is up along the
side of the path. There

are about half of the rose
bushes are going to live
We have had lots of ~~pink~~
out and some red ones and
white ones.

There are about four or
five pansy plants left
from last year my but
they are fine big pansys
one day I picked light big
pansy of a ~~florist~~ ~~North~~
and Claire have been busy
planting ferns along the
top of the bank and there
are lots of poppies out along
the top of the bank and they
look so pretty. this morning
I went out to ~~try~~ try and
catch some flounders but
did not catch any I
think that the hilses will
be out in a week or two

I think I will have to close
now because it is dinner
time so - good bye
Yours truly

B. G. Hanning
