

H. Andrews.  
August 5<sup>th</sup>

My dear Bernice,

I had a note yesterday from Louise saying that she intended coming up to-morrow and that Mr. Wilson would be up on the Saturday evening but he spent Sunday so I thought I'd let you know & perhaps you could make arrangements to be here too & you

Could take Mr. In. round  
a little for I do not sup-  
pose he will care to  
go to church - I  
expect you anyway  
if Grandpa keeps  
better but still thought  
it best to write - We  
have had October weather  
for the last few days  
so that I couldn't keep  
warm, but this morning  
the sun is asserting its  
power much to my  
delight, cold seems to  
be my greatest enemy

As summer ends, so does the  
time ago that there is no doubt.  
This is your birthday, may you  
have many happy returns - if  
you were only in the spot - there  
is no thing that prevents you  
might - never - Excuse haste  
and with much love
