My dear Berrie,

I have only returned from my trip to Buffalo about two hours ago and found your welcome letter waiting for me and hastened to reply to it and will go to town and attend to your commissions - gloves are gloved now a days owing to the war - I have no time now to tell you all about the delightful time I have been

having, seeing every thing
that I was to be seen in
Buffalo, spending a
day at Niagara, a
good treat for me,
visiting the University
in Toronto - etc - etc.
I enclose one of the
happy results of my
diet, which I hope
will meet your appro-
bation, as it does every
one else. I did not
start out intending to
be immortalized but
Mr Frothingham insisted

and I worry it is better than it is
