

Petersboro Nov. 19th / 77

Prof. Warrington
Dear Sir

I have enclosed you a sample
of my White pressed Brick which
is manufactured by me in Petersboro,
I was recommended by a pupil of yours
Mr Richard Rogers, which lives in this
place, as he thinks that you would
presume it a fine article to
send away with your other articles
to the Paris Exposition,
You will confer a favor by
answering the same

I remain Sir Your
Obedt Servt
