Dear Sir We have much pleasure in enclosing
herewith a copy of our Exhibit sent to the Paris Exposition
The Goods we have sent are first class and trust they will
not alone prove a credit to ourselves but an honor to the
Dominion of Canada. The Lion which is life size, in a
lying down position has been admired here before
sending away by hundreds and unanimously pronounced
the handsomest piece of work in that ever seen it is
entirely the largest piece of Wax we have ever seen
it was cut out from a block of Wax weighing about
One Ton and it is now almost transparent
The Candles "White & Colored" surpass our Centennial Exhibit
So does also the Pyramids, Cakes of Wax, and Oils
We have sent all the Oils we manufacture except those
which contain Benzine, as it was to be shipped by
Steamer we did not like to risk shipping any goods
so highly inflammable as benzine. The Plumbago Oil
is something new being made from prepared crude
Petroleum mixed with plumbago in such a way
as to keep the plumbago in solution in the Oil
