My dear Mr. Harrington

I had a letter and a couple of pamphlets which I intended handing you for Mr. Miller. But my son mailed them last night. Might I ask the favor of you when you arrive at Templeton, that you would ask at the Post Office for any letters that might be there for Mr. Miller and take them along with you to him. I think you have to pass the Post office on your way otherwise I would not ask you to take the trouble of calling -

You may feel sure of a very warm welcome from Mr. Miller, and I am much mistaken if you are not well pleased with what you will see there in the way of Phosphate openings and shows. wishing you an agreeable trip

Believe me truly yours

J. A. Deane

Prosr Chapman
was to arrive at
Templeton yesterday.
