Mr. B. J. Harrington -  
McGill College, Montreal

Dear Sir:

I learn from Mr. G. W. Hayes, New Haven, that you have published several papers on Canadian Lithology, which were previously unknown to me.

If you have copies of these papers at your disposition, will you kindly give them to the library of the Rocky Mt. Division of the U.S. Geological Survey. Permanent offices and laboratories have been established here and it is desirable to form a library as soon as possible.
