Dear D-Harrington

Many thanks for

your kind note of the 19th
with inclosure also for the
bottle of Pills. Their aid I will
invoke at once. remembering
your precautions. and will
report. Regarding the road,
I see you are right and I am
more properly Mr Portland
wrong, because he gave me
a man. which I wrote in my

12/11
in my pocket book, I had
not the plans by me. I am
glad I was not the unintentional
means of leading you astray.

I send you a few ap + 4 &c
from Penzance and one of these
wounded hypotheses from
Portland

I am glad you will
none the worse of your
rough trip, and I remain
Dear St. Harrington

Yours sincerely
John G. Miller
