Dear Sir.

Can you inform us if
Sir Wm E. Logan ever made
a report on the country around
Papineau Rd? We are interested in
a case in which the insanity of
an old man now deceased is
the central issue - He worked a
quarry in Papineau Rd. in
search of minerals, acting on
information received from Sir W.E.
L. many years ago. On this the
charge of insanity is principally

based, and it is sought to
upset his will.

As we are informed that you
are intimately acquainted with
the life & works of the late Sir
W.E.L. we take the liberty of
making the above request
& of respectfully soliciting the
favor of an early reply as
our case is fixed for Monday
or Tuesday next.

Yours Respectfully
James Storer
