Bryozoa to exchange
for Can. bot. Reports

Cincinnati Oct 28th
83

Dear Sir:

Has your Society
 duplicates of the Canadian
 Zoological (Paleo.) Reports
 which you would like to
 exchange for "Cincinnati Group
 Bryozoa"? I could send you
 about 100 species of good,
 typical specimens and named
 according to C. A. Ulrich's new
 classification. An early reply
 would greatly oblige

Yours Respy

C. H. Couper
