I received your letter of the 2nd inst. in relation to the
letter to Prof. Ross, but which I have not yet received, that in the
case of being I suppose will be that not much to
be mentioned on the matter in the future.
Yours very truly

MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

Ottawa, April 3rd, 1884.

Dear Dr. Harrington -

I would be glad if you would kindly let me know as soon as possible which day have been fixed for my examination. I have to make formal application for leave of absence and there is, as you know, often some delay in granting such applications -

There is also a point which I mentioned in my letter to Prof. Bovey but which I am afraid that I omitted when writing to you, namely, that in the case of Leips & Fouquier's work I did not wish to be examined on the mathematical portions -

Yours very truly -

Frank Adams.
