Dear George

I need not write today unless I like, for it is not my regular day. Why don't you write to me?

If you do, please put the time, as I do.

I always forgot to tell you, that ~~Harry~~ Willie Hamilton found a large moth, which he gave to me, it is one of those that we saw flying about at night, round the lilac bush, I think.

A whole lot of "Scotsman", newspapers, & two "Edinburgh Evening Courants", sent to paper, & they all had those newspaper stamps on them so I took them all off & have them here.

Your regards are getting

on finely one of them has already
reached the top of the fence that
I put up, you know. The other
hand as I expected, aren't so
hard to ~~move~~ train along the ground
But why don't you write?

Your affectionate brother
William,

P.S. You must excuse the writing as
Mr. Hamilton is waiting for the
letters.
