

Ms. A. 9. 76
 Feb 17/70

Dear George,

We had your letter
 all right last week and
 this - the price too late
 & summer. Mamma will
 write about the matter
 of lodging. We think it
 will be a good plan to
 lodge with Mr. Sweet if you
 like. I had a very kind
 letter from Dr. Pugh in which
 he speaks very favorably
 of you. I hope you will
 continue to decrease his
 good opinion. He thinks
 your work pretty heavy;
 and I would have you
 take care as to this and
 not overtax your strength
 in any way you can
 help, taking care of the

same time I keep of you through & air,
early hours and untold sheets, I wish also
that you would settle & attend regularly some
place of worship where Christ's gospel is preached
in a reasonable way, and not continue yourself
and get into financial places of pecuniary
place & place. Perhaps if Davies could advi-
sore you about this.

I am working against time to leave
& the packed of April 8th with minimum of
trouble; and can say to the little scraps
of time I write to you; but we shall have
time to talk of many things when I see
you. I shall not forget your message about
over the summer; must make Dale present
your ever with love
Ed
