

Mr. J. W. Col
 July 4/71

Dear George

Your letter of Decr
 11 arrived too late & answer
 of last Mail. With regard
 to the Prod. Cherry, you must
 judge of your strength and
 the time required to be
well up for your second
 year's circumnations. I would
 rather have you take a
 high place in the cream
 than try the cherry; but
 would not say so, if you
 are quite sure that you have
 time for the other work.

Sturbridge would be a good
 person to advise with about it.

I send in this exchange
 for \$20 which will keep you
 going. Please send your
 up to New Year that I may
 see how you stand. I wish
 you to pay to Mr. Charlton, at

The Geological Survey
The following sums:—

Palaeontol. Socy	2/1
Ray Socy.	2/1
Geological Socy.	7/6

and the postage of the latter
for the jar

taking his receipts, which
please enclose to me.

Mr W. Logan is going
to England this month,
and I will try to send by
him a slide of *Obolites*
metri for you.

Please give my kind
regards to friends, and
say that I will write
to Mr High soon, if I
can get any time.

I have made a great
blot about support & live
all kind wishes and
prayers for you
your loving friend
W. Dawson

When you write of
your life please tell
me how much you
and write a bit of
the rest of the business
I'll be very happy to hear
from you & to see you

My dear
I have not yet
