

Dec 3/41

Dear George

I shall hope to see
 the second paper by
 Brady when the next
 no of your magazine comes.
 I had a letter from him
 by last mail about
 Carlupian forms, of
 which I am sending
 him some specimens. I see
 your paper is in the hands
 all right, and my letter
 in *Evon* is quite correct
 in "nature".

I shall enclose in this
 a corrected Report of a
 paper or catches rather to
 the effect that say in *Spuro*
Cores &c. When you have
 read it, put it in an
 envelope and send to
 the Editor of "~~Evon~~" the
 Geological Magazine, St Woodward Esq,
Brit. Museum.

I presume what you say
in your letter to Meadman
about the lectures and
trust that Mr. Judd's
Hoping you will do
well with them and
be a credit to me as
well as to yourself. Let
me know when you write
what you think of the
lectures in Zoology and
what is the plan of
them.

Your Affectionate Father
J. W. Dawson
