Dear George,

When I wrote
last I had just returned
from Nova Scotia. Since
that time, I have seen
a letter from Mr Bentinck
& Mr McKay, in which,
among other things, he
wishes to secure the
services of a mining
engineer to examine
the new deposits of the
East A. I cannot
at the moment hear
of any one; and
have suggested to him
to advise the parties
interested to employ

you, and to refer
 to Murray & Warrington
 Smith for your papers.
 I have done this,
 because there really is
 difficulty in getting any com-
 petent person here, and
 they may hesitate about
 sending out a man
 from England. If they
 apply to you on the
 subject, you need not
 hesitate to undertake it,
 I can get you the help
 of some reliable practical
 man for details, and
 give you all the
 local information.
 The parties in England will
 of course pay the expense.
 They may perhaps not do

What I have advised
 in what case of course
 you will not hear
 anything on the sub-
 ject.

I hope your rather
 humble anticipations as
 to the examinations will
 not be realized. We
 can only pray for
 you. My only fear
 is that your capitation
 & discommodement may
 result from your strength
 being run down; but I
 hope not.

We all send our
 sincere love
 Your affectionate father
 M. Dawson
