Dear George,

We are all now
settled at home, and
John & Peggy at
work; and we
are hoping that you
will have fine weather
and a pleasant time.

I write you because
I have been thinking that
perhaps Prentiss may involve
you in some responsibility
for his excavations. Please

See that he makes
arrangements for paying
all expenses ^{of excavations etc,} and
does not leave any
responsibility on you
for paying workmen
or for damages to
land etc. If he
has left anything
uncertain about this,
please consult Rummel
about it, and etc

graph to me and I shall
see him here.

I hope this will
be all right, as I
think Peattie ~~under~~
stands that he is
to provide for all this,
but in case he
should neglect it
you might be held
responsible by the people,
which would not
be pleasant.

Please take great
care as to cold
and wet — remember
that standing about
in the wet or with
wet feet is more
dangerous than
walking. I hope
you will soon be
through with this
piece of work, at
least before the
bad fall weather
We all send
love and best wishes
