Dear George

Your firm Gapp's
 Carter arrived in due
 course, and I have
 a letter from Aker
 promising attention, &
 saying that your services
 will not be required
 till Spring, and that
 you are desired to
 make the expenditure
 as efficient and suc-
 cessful as possible.

My impression
 that you will find it

The right thing, and
that it will lead
to better.

Mamma Thanks
you for your letter
and paper; but
would like some
news as to your
lectures and how
you are pleased.

Give my sincere
sympathy to Dr Cook,
and say I shall write

to him soon.

I have not yet
seen White's Report
of the Ant. Columb. Pop.,
He is rather slow, &
perhaps it has not
yet appeared.

I shall try to send
with this a Canadian
illustrated with the
Gen. Sec's proceedings; but
there has been no
report of his "visit to
the college" with
anything.

I shall enclose in this
\$10, as you may want
a little money, and
I shall send a
similar sum on
Monday.

With all love
from us all
Your affectionate father
Edwards
