

Address—Smithsonian Institution, Washington, D. C.

U. S. Northern Boundary Commission,
Office of Surgeon and Naturalist,

Washington, D. C., Dec. 21 1874

My Dear Mr. I am glad to find that we
concur so thoroughly in the matter
of our respective reports, and am
sure it will be of mutual advantage.

I also share your regret that
whilst in the field we had so little
opportunity of cooperation.

Our Anatomists & Topographers
are in office here together, busily
preparing their respective reports.

I am sorry I cannot give
you the number of your set of eggs of
Orizoides, as the loose label has been

61. Northern Forestry Commission.

Office of Forestry and Conservation.

lost or mislaid. But you may be able
to arrive at it by a process of exclusion,
after accounting for all your other
numbers

You may expect ^{copy of} my lists of
Mammalia Aves Reptilia & Batrachia
as soon as they are severally prepared.

Faithfully yours

Alfred S. Peck
