

Principal
degree

June 29/17

Dear George

I write a
 short note, just on
 the eve of leaving
 for Metz to say
 that I have re-
 ceived from Dr McCall
 an intimation that
 the President College
 has conferred on
 you its degree of
 B.S. I am glad
 of this as it is of

value I have an
academic degree,
it may be so in
certain contingencies,
and Princeton is
a good & respectable
university.

We leave by
train at 9 and
hope to join Rankin
& Anna at West
of New.

Truly yours
with all affection
& loving good wishes

Edwards
