Dear George,

I mean to thank
you for the survey Report
and also for the Report
of the Select Committee. The
Cutter is just the sort
of thing we would
have expected in the
circumstances. But I
am rather surprised
by the excellent analysis
of the Committee. I
suppose it has been
printed and lobbed

We have letters from Rankin from Suez & Alexandria.

beforehand of the
malcontents, as there
is an evident unfair-
ness in the examina-
tions. I have read
your evidence, which seems
to me correct, except
that you seem to
have been a little
affected by the unfairness
of the questions - a result
almost inevitable and
which is very manifest

in Mr Selwyn's account
Hunt Free has been
somewhat scolded; but
Bell has gone the
whole figure, and ex-
hibited an amount
of unfairness most
discreditable, and this
he excused by his
hatred of Selwyn, if
that is any excuse.

I think you should
send the whole of this
previous document with

Care, and make notes
of the leading points,
and of the actual
facts, so as to be
ready in case of any
revival of the strife.

Thursday being a
public thanksgiving will
be a holiday. Cannot
you come down?

Julia Warren writes to
me from Cambridge, Massachusetts,
asking copies of any maps or
reports published by the Society
for the improvement of the
Aborigines. I have no copy of the
map, and only one of the "Descriptive
Sketch". Could you deliver some
him copies? Ever yours affectionately
Mrs. Dawson
