Dear Mr Dall,

you may perhaps  
Remember some correspondence  
we had at one time as to  
the advisability of steps being  
taken toward fixing boundary  
between Alaska & NW Canada.  
It seems impossible to get  
anything done in that direction,  
though I think it requires  
only a willingness on the  
part of the Washington Govt.  
to bring it about. Meanwhile  
the head waters of Yukon  
are attracting more & more

attention as mining district  
 & it has become necessary  
 that we should know something  
 definite as to its geology  
 & geology at least. This  
 being the case, I am about  
 to start in a few days  
 for Victoria en route, in  
 connection with the Geological  
 Survey, a proper spending  
 the entire summer in region  
 between Dease & a portion  
 of old St. Seltkirk. Knowing  
 your interest in the country  
 I write merely to advise  
 you of the fact, but if  
 you should think of anything  
 to which special attention should

Dear Sir,

I have the pleasure to inform you that the  
proceedings of the Wesleyan Club have been  
sent to you for your perusal. I have also  
the honor to acknowledge the receipt of your  
kind letter of the 14th inst. in relation to  
the same. I am glad to hear that you are  
interested in the cause of the poor and  
that you are desirous of contributing to  
the relief of the suffering. I am sure that  
your efforts will be successful and that  
the Lord will bless your good works.

be directed, would be happy to hear  
 from you, & address Victoria B.C.  
 On Friday I mailed to your address a  
 copy of a report prepared for Geol. Survey, of  
 which I have just received printed copies,  
 & in which I have attempted to give a digest  
 of our knowledge of geology of northern parts  
 of Canada including arctic. The work  
 was one which took much more time &  
 trouble than I had at first anticipated,  
 but I trust it may prove useful

Yours truly
