

Birkenshaw,

Little Hetts.

Aug 19/89

Dear George,

I was sorry to see by your letter from Wroola Lake, received a few days ago, that your mail contained no home letters. Several were certainly on the way, and ought to have reached you, according to our calculations. I hope you will get them on return to Roundups.

Our party here are
all well and we
beginning to think of
the close of the
summer. I expect
to go up to Montreal
on Saturday next,
24th, and after
spending a day or
two in Montreal
to go on to Toronto
to the Ann Association.
I have spent the summer

snuff, collecting a few and
detached sponges out of
the rocks here and
writing up notes on dist.
Insects that I have been
working at and some
of which I hope to
publish. Had thought
of going down to Sarsé
for a week, but found
it difficult to get the
time, and besides was
not anxious to add to
my accumulated material
I wish you could have

been with me at Mr.
Routon, but I suppose
you are better employed,

I shall not return to
Metis, but on returning from
Hinton shall settle myself
at once to work at Montreal
where with the assistance I
shall have I hope to be
able to do a little more
useful work than I was
able to ~~manage~~ last winter.

All here send warm
love and good wishes
and will look forward
to letters from you soon.
May God bless & keep you
is my constant prayer
Ever yours
Mrs Dawson
