See sometime about July 15th. I shall hope
to hear from you definitely about your plans
by next letter, and we shall then send any
introductions that may be useful after you are
through in London. The Witness will be
mailed to you address. I enclose a copy of the
new land regulations, & shall send Witness
papers as they arrive. I paid \$2.00 a bill
of Anderson, tailor, for \$9.15 which I suppose
was right. I have at the present moment
a visit of the Institute of Civil Engineers to add
to engagements, and School books, Museum
and Calendar all on hand besides multitudes
of other engagements; so you must not expect many
or long letters, but I hope you will continue to write
to us once a week.
With all love
your ever affectionate
