

Victoria Hotel,
Venice,
March 21/84

Dear Hankins,

We reached
here late Thursday night,
and were much disappointed
to find no letters as we
expected to find the first
Canadian mails due
since we left Cairo weeks
ago here, as I had directed
the cur. Some mistake
must have occurred, and
I have written to him
about it. I hope however
we shall at least hear
from you at Brussels,

and that you will be
able to give us good news
from home.

The Bureau's address will
be Cook's Agency 22 Galerie
du Roi, Galleries St Hubert,
as sent to you previously.

I take it for granted
that you have received our
letters about lodgings; but
the Turkish post-office is
so irregular that I may be-
lieve our request that
you would engage good
lodgings for us in some
part of the town unopposed
by our friends & my meetings,
begins from 1st week of April,
and until I see otherwise

Barnes about you have started
We expect to visit Barnes at end
of next week, say about the 23rd,
If you have not enjoyed shopping, we
can go to the Park for a time, or
supine as to any place you may have
heard of.

We are all well and have
enjoyed Pisa and the views we saw
at Palermo. When seeing Venice with
the surroundings of state next week.
See you affectionately
