Dear Rankine,

I wrote a
very hasty note last
week to mention one
or two little matters
that occurred to me.

I have given a copy
of the note to your
educator he to Crute
and wife to see Raddick
Dorn; but I believe he
is going to England for
a short time. Lord
Mount Stephen is here

and I shall mention
you to him, I think
however so soon as
you can see your
way clearly, that
you should make
a formal application
of the Board, which
I would then prep
with Abbott and thus
having influence.

In any case
Keep me informed as

to plans and movements,
as I do not like to
work in the dark.
Anna and the children

Mamma, Hope & Eva
propose to leave next
week. The day is
not yet fixed.

I have had since
you left some very un-
pleasant struggles on
behalf of the Faculty of
Arts against one Applied

Science friends; which will
cost me some little trouble,
and expense as well;
but I hope to weather
the storm, though all
this breaks down my strength
and I have scarce any
one to help. I must now
stay here till near the
end of June, and if I get
them to Metis will have
to return in a short time.

We all earnestly hope
and pray for success in
whatever opening a prospect
you may find, and in
any case will welcome
you back here & whatever
we can do, however little it may be
Ever yours
M. Dawson
