MORNING NEWS LITH. SAVANNAH, GA.

Savannah, Ga. Dec 8 1892

Dear Rankine,

We now have as
you see established ourselves
in the Sunny South — a land
of Southern Pines, Magnolias,
Live oaks and Palmettos.
We are established for the present
at a very desirable hotel,
where we propose to stay
for a time, as the city is
very pleasant and with
nice surroundings, and
the temperature such that
we can live nicely in
the open air. We already
feel better for the change

and have found ourselves
able to make little excu-
rions to points of interest
which we could not have
ventured on at home,

Fence accompanied us
to New York and saw us
off before embarking. He
will I hope have been
some days in London
before you receive this

Florence has another
little boy and at last all
counts was doing well,

We hope you will write
us a line to this place, as
we may be here till the
New year, at least,

Mamma sends all
love and greetings, I hope
she will write a letter to you
for Christmas. Love yours
Mudassar
