Sir Arthur W. Currie  
Principal, McGill University  
Montreal, Canada

Dear Sir Arthur:

In my letter to you a few days ago, I intimated that I might write to you about coming to Colgate. We now have arrangements made so that I can give you a somewhat formal invitation.

On December 5th we are dedicating a new chemical laboratory, which has just been constructed at the expense of a half million dollars. It is most complete in every way and for the purposes of a college, I think one of the best to be found anywhere. We are anxious to have some man, not a chemist, give the dedicatory address on the afternoon of Friday December 5th, and I am hoping that you can accept the invitation to come.

Trains run from Montreal direct to Utica, and I shall be most pleased to meet you there and bring you to Hamilton, which is thirty miles distant.

The address need not be long, and above all things we do not want it chemically technical, as there is to be a program for the remainder of Friday and Saturday morning on the technical phases of chemistry. This address should be simply from the standpoint of general education.

I think you know, something which I do not need to say, that it would be a great personal pleasure for me to have you here.

With all good wishes, I remain

Most sincerely yours,

*George B. Cutten*

My dear Dr. Cutten,

Thank you for your  
letter of October 17th in which you do me the  
honour of inviting me to speak at Colgate  
University on December 5th.

I am sorry that  
is impossible, as I expect to sail the next day  
for the Old Country.

With congratulations  
upon the forward step you have taken at Colgate  
in the erection of a new Chemical Laboratory,  
and with all kind wishes,

I am,

Ever yours faithfully,

Principal

Dear Sir,

The Directors of the Montreal Light

pleasure in re-electing you Honorary President of the Club for  
the year 1928/1929.

Dear Sir:-

In the absence of Sir Arthur Currie I beg to acknowledge receipt of your letter of December 12th informing him that the Montreal Light Aeroplane Club have honoured him by re-electing him Honorary President of the Club for the year 1928-1929.

I am quite sure I am but re-echoing Sir Arthur's sentiments when I say he will be very pleased to accept the honour you have conferred upon him.

You will, I know, be glad to hear that Sir Arthur has quite recovered his usual good health and is longing to be back at work. However, his physicians think he should rest throughout the winter, therefore we are not expecting him in Montreal until the Spring.

Yours faithfully,

Secretary to the Principal.

Dear Mr. McGruther:-

Let me acknowledge receipt of your letter of yesterday, inviting me to speak to the members of the Advertising Club of Montreal at the Mount Royal Hotel, on Wednesday, June 29th.

Just where I shall be on that date is at present too uncertain for me to make any engagements. It is more than likely that I shall not be in the City. There is a probability that I shall go to Honolulu to attend a meeting of the Institute of Pacific Relations in July. If so, I must leave here before the 29th, and therefore it is impossible for me to obligate myself in any way.

Dear Sir:-

I have been instructed by the Directors of the Advertising Club of Montreal to invite you to address the members on June 29th. As the meeting will take place just before Dominion Day, we would like to make it a special one to celebrate the Diamond Jubilee of Confederation, and would consider it an honor if you would consent to be our guest.

We appreciate the fact that there will be many calls upon your time due to the celebration, but as our meeting will be held at 12.30 p.m., in the Mount Royal Hotel, which is within a reasonable distance of your office, we hope that you will be able to accept this invitation.

APPROVED BY THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA UNDER ORDER 162.  
DATED MARCH 30, 1916.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case the Company shall be liable for damages, suffered by the sender to an extent not exceeding \$200., due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers he acts for that purpose as the sender's agent; if by telephone the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

DAY LETTERS.

This Company will receive DAY LETTERS, to be transmitted at rates lower than its standard telegram rates, as follows: one and one-half times the ten-word Day message rate shall be charged for the transmission of fifty (50) words or less, and one-fifth of the initial rate for such fifty words shall be charged for each additional ten (10) words or less.

DAY LETTERS may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such DAY LETTERS are, in all respects, subordinate to the priority of transmission and delivery of full-rate messages.

DAY LETTERS shall be written in plain English, or in French. Code language is not permitted.

DAY LETTERS may be delivered by the Telegraph Company by telephoning the same to the addressees, and such deliveries shall be a complete discharge of the obligation of the Telegraph Company to deliver.

DAY LETTERS are received subject to the express understanding and agreement that the Company does not undertake that a DAY LETTER shall be delivered on the day of its date absolutely and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such DAY LETTER on the day of its date during regular office hours, subject to the priority of the transmission of full-rate messages under the conditions named above.

Dear Sir,

On February 15th I wrote asking whether it would be possible for you to be present at our Fiftieth Anniversary Dinner at Alma College on June 13th, and deliver a short address. Since I have had no reply to this letter I presume it has been mislaid, and I take the liberty of writing to you again on this subject.

The Board of the College and our present and past students would be greatly gratified to have you with us on this important occasion, and I do hope that you will be able to consider it favorably.

Awaiting a reply, I remain,

Very cordially yours,

My dear Dr. Dobson:-

I have delayed answering your letter of February 15th in the hope that I might be able to write to you and promise to be present at the ceremonies in connection with the 50th anniversary of the founding of Alma College.

Much as I would like to be with you, and particularly because you and Mrs. Dobson are McGill people, I am afraid it will be impossible. The Universities' Conference meets in London during the first few days of June and this will take a week or so of my time. I do not feel I can afford to return to that district a few days later, especially as I intend leaving Montreal any time after the 15th of June. I did at one time think that I might wait over after the London Conference at my old home in Strathroy and have a brief visit there. That may yet eventualize if my other engagement during the latter part of June does not materialize. If I did remain over in Strathroy I would go to the ceremonies in St. Thomas, but this I cannot promise now.

With all kind wishes, I am,

Yours faithfully,

Principal.

Dear Sir Arthur:

You will be interested to know that Alma College is celebrating the fiftieth Anniversary of its Founding in June of this year, when we expect to have quite an interesting gathering of ex-students and friends of the College.

Among the events is to be an Anniversary Dinner on Monday June 13th, and our Committee has asked me to write to you to see whether it would be possible for you to be our guest that evening and to deliver a short address.

We would greatly appreciate your presence on this occasion because of your prominence in the national life of Canada, and also because of your old interest in this part of Ontario. Mrs. Dobson and I would be personally gratified to have you accept this invitation since we are both old McGill students, although I went on to Oxford without finishing my course at McGill.

I have some idea of the many calls upon your time, but do hope that you will be able to consider this invitation favorably.

Dear Sir,

Allow me to thank you for your courteous letter received a few days ago.

We are very sorry that you find it impossible to make any definite plan as to the acceptance of our invitation to be present at the Anniversary Dinner on June 13th. I quite understand, however, that it would be very difficult for you to return to this section of the country so soon after the Conference in London.

Perhaps we had better leave the matter open in the hope that we may be able to arrange with you to visit the College some time during your few days in London. In any case, we would be very glad indeed if matters should so readjust themselves that you might still be able to be with us on the date first mentioned.

Sir Arthur Currie has asked me to acknowledge your letter of May 25th as he did not have an opportunity of doing so before leaving the city immediately after Convocation on Friday, the 27th.

Sir Arthur regrets very much that he will not be able to attend the Banquet at Alma College on the evening of the 13th. It is necessary that he return to Montreal at the earliest possible date. He has made arrangements to attend the meeting of the Institute of Pacific Relations in Honolulu, leaving here the latter part of June. There are so many things which must be attended to that he must spend all the time possible in Montreal.

Honorable Sir:

On Tuesday night, June 25th, 8 P.M., the American Institute of Homeopathy, oldest national medical association in the United States, will meet in joint general session with the Homeopathic Medical Fraternity of Canada, in the main ball room of the Mount Royal Hotel, Montreal.

At that time, representatives of the Homeopathic Medical Fraternities of Canada and the United States will formally sign the following document:

"The homeopathic physicians of Canada and the United States take this opportunity to publicly endorse the Kellogg-Briand Peace Pact. In so doing, they formally dedicate their joint community influence as an additional agency to be used in the prophylaxis of war, thus conforming in the sphere of international relations to the same principle that has animated the traditional use of their professional skill in combating all agencies destructive of human life."

Following the ceremonial signing of the preceding resolution, the Right Honorable Sir Robert L. Borden will address the meeting on: "The Kellogg-Briand Pact and its Relation to the League of Nations and World Peace."

The officers of the American Institute of Homeopathy sincerely hope that you may honor this occasion by your presence in the official group on the platform, the night of the 25th.

Will you please forward your answer to this invitation direct to Dr. A. R. Griffith, 2021 Peel Street, Montreal, who is General Chairman of the Montreal Convention of the American Institute of Homeopathy.

My dear Mr Currie:

I have been requested by the officials of the American Vocational Association to extend to you a cordial invitation to speak at the banquet which will be held in connection with the annual convention of the association at Philadelphia, Pennsylvania, on Friday evening, December 14, at the Benjamin Franklin Hotel. The banquet will probably be attended by about 1,000 representatives from all parts of the United States, the Dominion of Canada, and possibly a few from Mexico. This group of men and women are primarily interested in the development of better vocational training facilities in industry, agriculture and home economics in the public schools of these countries. Very few of them are directly connected with Universities or colleges. They are dealing very largely with the vocational education problems of young people of less than college grade and are intensely interested in the ever changing industrial and commercial conditions of this country.

I sincerely trust that it will be possible for you to speak at the annual banquet. You are free to choose any subject which you think would be of interest to this group.

Very truly yours

Dear Sir:-

Your letter of November 24th  
addressed to Sir Arthur Currie has been received.

While I know Sir Arthur will  
sincerely appreciate the honour of the invitation  
to speak to the American Vocational Association on  
the evening of December 14th, it will not be  
possible for him to accept. He is at present in

MacMasterville Club.  
Macmasterville P.Q.  
June 18<sup>th</sup> 1923.

Dear Sir Arthur:

I have spent the last three or four hours thinking out plans, and ways and means of carrying out these plans, which would enable me to best serve this community: and I will take the liberty of outlining one of these plans to you. On July 1st we propose to hold a Patriotic Day service in the Community Church of this village. We are already working on a special programme for that service. I had been looking over some material for an address suitable to the occasion when the thought occurred to me that it was just possible that you might care to come out here for ~~the~~ service and speak to this community. I am quite aware of the fact that you are not in the habit of speaking to such an undistinguished group of people,

but because of the few such privileges that these people enjoy they would appreciate hearing you even more than do some of your more privileged audiences. Your words, in a community such as this where people's minds are rarely lifted above the ordinary level of thought, would have an untold influence. The community is built around the Canadian Explosifs Plant. A large proportion of the people are old Countrymen - mostly Scotch - and a good many of whom served in the Scottish forces. Most of these people are in great need of having Canada as a home presented to them. I do hope you can see your way clear to do this.

Just across the river is Otterburn Park which is the summer resort of the Point St. Charles - Grand Munk people. They will be joining with us in this service, and they too are a group of people who have not had the opportunity of meeting with you -

If an address such as we need here should require much thought and work and time on your part, I should never have allowed myself to write to you - but saturated as you are in the spirit of such an occasion, I feel that your chief difficulty would not be so much <sup>in</sup> preparation as in selection.

You could arrive here in the afternoon and return in the evening, and I feel sure that you would enjoy the trip. We really have a very beautiful location here.

I will not trouble you with any details until I hear whether or not you will be able to come.

Please excuse my boldness in writing to you in this way, but nothing ventured nothing won.

My only fear about the whole thing is that our little church might be too little.

Yours very faithfully  
Errol C. Amaron.

MacMasterville, Que.

My dear Mr. Amaron:-

I am sorry that I have not before this acknowledged your letter of the 18th, but I was away at Princeton and New York all last week.

I appreciate very much the courtesy of your invitation to speak to the members of the community where you are serving this summer, but I plan to go home to visit my mother in Western Ontario on July 1st. I have not been home since last Christmas and she is expecting me, otherwise I should have been very glad to go and help you in any way possible. I assure you, Mr. Amaron, that I often enjoy speaking in smaller communities much more than to the large gatherings.

With all good wishes, I am,

Yours faithfully,

AMHERST, NOVA SCOTIA

May 20th, 1926.

Sir Arthur Currie, K.G.C.M.G.,  
President McGill University,  
Montreal, Canada.

Dear Sir:

The Nova Scotia Provincial Exhibition is being held in Amherst this year from August 28th to September 4th, both dates inclusive. This is the first Provincial Exhibition held in Nova Scotia since 1917, and the first ever held in Amherst. For that reason, and for the reason that the Commission in charge consists largely of Amherst citizens who are desirous of making Amherst's effort an unqualified success, I am asked to request the honor of your presence on Saturday evening, August 28th, or on Monday afternoon or evening, August 30th, to officially open the Exhibition.

It is felt that your position as President of McGill University to which Nova Scotia sends so many young men and women every year, and the fact that you occupied with so much distinction the position of Commander in Chief of the Canadian Expeditionary Forces overseas will be of great assistance in making the official opening a noteworthy event, and contribute very largely to the success of the Exhibition.

Since taking the above action it has come to the attention of the Commission that you will possibly be in Nova Scotia at some time during the Exhibition in connection with a meeting of the Canadian Legion of the British Empire Service League and other matters, and under the circumstances it is hoped that you may be able to grant our request without undue inconvenience to yourself.

Trusting that we may have the pleasure of your acceptance,

I have the honor to be,

Yours faithfully,

*Harry D. Bidese*

Mayor of Amherst

Dear Mr. Biden:-

Permit me to thank you for the kind invitation to open the Nova Scotia Provincial Exhibition. I have delayed my reply, pending making certain other arrangements which were involved, but I now write to say that it will give me great pleasure to come to Amherst on August 28th for your official opening.

I have no other business which would take me to Nova Scotia at that time, but I feel that the historic connection of Nova Scotia with McGill University and the number of good friends, natives of your province, whom I had the honour to command during the war will make the opportunity a welcome one.

Yours faithfully,

Principal.

Dr A. T. Bazin

Pres. The Graduates Society  
McGill University  
Montreal;

Dear Doctor Bazin: —

Sir Arthur Currie has  
been officially invited  
to open the Nova  
Scotia Provincial  
Exhibition at Amherst  
N.S. Aug 28<sup>th</sup>. Special  
mention was made  
of the desire of the  
War Veterans of  
Nova Scotia to have

2  
149 VICTORIA STREET, E.  
AMHERST, N.S.

Sir Arthur come to  
Nova Scotia on that date.  
I am writing you this  
note to urge another  
reason -  
McGill University has  
for many, many years  
drawn free from  
the three provinces  
down by the sea and  
still has quite a  
student body come  
to her from the east.  
No special effort  
so far as I know  
has been made  
by the university to

3

149 VICTORIA STREET, E.  
AMHERST, N.S.

to keep the standing  
 and merits of the university  
 before our people,  
 nothing but the Graduate  
 Mc Gill men and the  
 great fact that Sir  
 Wm Dawson was  
 its Principal for so  
 many years and  
 he was acclaimed  
 one of our greatest  
 Nova Scotians.

Both as one who  
 served under Sir Arthur  
 Currie during the war  
 and as a Graduate  
 of McGill University  
 I would like to

4  
See how accept this  
invitation to Nova Scotia.  
If he does so it has  
been suggested we  
organize a Graduate  
Society or perhaps  
have a "University  
Day" with the Presidents  
of all our Colleges in  
university invited.  
Further: Dr. Arthur's visit  
would stimulate the  
old College spirit and  
mean a bigger delegation  
to the Reunion - Oct.  
would it be asking too  
much to request you  
to bring this matter  
to the attention of

June 12th, 1926.

Dr. John A. Munro,  
149 Victoria Street E.,  
Amherst, N.S.

My dear Munro:-

I was very glad to receive your letter of the 9th inst., and I quite agree with much you say therein.

McGill has in the past drawn a very large number of her student body from the Maritime Provinces, many of whom have reflected much glory upon her and, indeed, become brilliant members of the teaching staff.

For some years past I have thought, and argued, that the future of McGill as regards students is more closely associated with the youth of these provinces than with those of the West. The provinces of the West are fast developing their own universities built and maintained by public monies. Against such institutions a university like McGill, dependent upon private benefaction or public appeal, cannot in the long run compete except for the few, and only for those if she offers a higher plane of intellectual atmosphere and a more excellent tuition.

Therefore I will be glad to second your efforts in getting Sir Arthur to Amherst in August. And I can think of no better way than to pass your letter on to him together with a copy of this reply.

Day after tomorrow I will leave for the Canadian Medical Association meeting in Victoria, after which I propose to take a holiday in the West. I will therefore not be able to follow up this matter until my return July 20th. But I am sure you will hear direct from Sir Arthur before that time.

There is now another aspect of the situation which you refer to - I cannot altogether agree that McGill has been neglecting the field in the Maritimes - With so many of the teaching staff in all faculties natives of those provinces it would seem impossible to conceive that there would be neglect.

But I can imagine that these very men, knowing the excellent standard of educational institutions in the Maritimes would hesitate to proselytize the youth for McGill for fear of being accused of disloyalty to their native states. But I am sure they would be more than ready to accept invitations to appear and speak and thus indirectly appeal on behalf of McGill. Any direct appeal would to my mind savor of commercial competition.

As regards the Faculty of Medicine there is not the same difficulty, for through the avenues of organized medical societies our teachers can make the indirect appeal - and I do not think we have been remiss in this. In fact I know that in the past eight years we have not only accepted invitations eagerly but have actually created the occasion.

But these occasions are largely under the control of McGill graduates on the spot and if they will not take the initiative it is presumption on the part of the teaching staff to force the invitation.

And where there are local teaching centres whose staffs are recruited in greater or smaller measure from McGill graduates there is especial difficulty in that they are divided in loyalty between their Alma Mater and their own school.

This sentiment I had borne in upon me when as President of the Graduates Society I attended the annual dinner of the Halifax Branch this past winter. Most of those present were connected with Dalhousie. They were all glad to hear news of McGill and her plans but they were distinctly opposed to the scheme of the Graduates Endowment Fund being applied to them. I am certain they would much more actively oppose any methods for diverting prospective students from Dalhousie to McGill.

So now you see the matter has two points of view and in order to get results there must be team work between the graduates at large and the members of the Staff.

During the first week of August the P.E.I. profession are arranging for a six days clinical meeting. Gordon, Rhea, Ritchie and myself are the team. I will keep watch for you as we pass through Amherst and will then offer my excuses for this long screed.

Sincerely,

Sgd. Alfred T. Bazin.

ATB/T.

June 18, 1926.

Dr. John A. Mauro,  
149, Victoria Street E.,  
Amherst, N.S.

Dear Dr. Mauro:-

Dr. Bazin has sent on to me your letter of June 9th, in which you so kindly urge on me to accept the invitation of the Exhibition Commission. You probably know by this time that I have done so, and I shall look forward to seeing you and the other graduates of McGill as well as my old friends of France and Flanders.

It is very pleasant to realize how great an interest the graduates of this University take in her welfare, and I assure you that all of us who are engaged in carrying on the active work of McGill appreciate the help and support given us by those who have left her doors.

Yours faithfully,

Principal.

Principal, McGill University,

Sir:

The citizens of Amherst have received your acceptance of our invitation with great pleasure. We feel that the success of our exhibition is now assured and the interest of the Maritime Provinces is increasing every day as we are able to consummate our plans.

I would like to outline briefly the motive behind the Exhibition:

Amherst up to five years ago was a thriving industrial town with a population of ten thousand. The depression that followed has destroyed a number of our industries with consequent failure in our mercantile life. With this, a loss of two thousand five hundred people has been a hard blow to the entire town and has reacted badly on the morale of the citizens.

Something had to be done to destroy this pessimism.

The Provincial Exhibition is that means. A large job for a small town, but I am happy to say that our efforts are meeting with success beyond our expectations. We are staging the Exhibition with an "all Amherst Committee" with one paid (local) Secretary.

The Commercial Travellers of the Maritimes have been our advertising medium up to date, carrying the story and our advertisements to every part of the Maritimes. Now, added to this, is the great strength of the Canadian Legion of the British Empire behind our Exhibition, apparently to a man, and may I be permitted to say your presence at our Exhibition has added the final touch to complete our effort.

Looking ahead to a brilliant success, I expect to see this same Committee form themselves to work for something constructive and bring back to our town the prosperity I feel is our due.

I mention this local condition that you may know that your coming to our Town is more than a mere complimentary visit.

June 21, 1926.

I submit the following tentative plan for your reception and your approval:

Arriving in Amherst on the Maritime Express, Saturday, August 28th, at 12:30 P.M.

Met by the Canadian Legion and Guard of Honour. Escorted to an informal luncheon and then released to the Canadian Legion.

Banquet of the Legion in the evening in your honour.

Sunday morning. Church parade, placing of wreath on Soldiers' Monument. Catholics to their church and Protestants to Curry Park and service. The balance of the day to suit your pleasure.

Monday. University or Collegiate day and opening of the Exhibition.

We propose inviting the Presidents of the Maritime Colleges to meet you and attend the opening of the Exhibition. We expect that each college president will be supported by a large number of their graduates coming from the Maritimes.

This program will allow you to return to Montreal on Monday evening at 8:30.

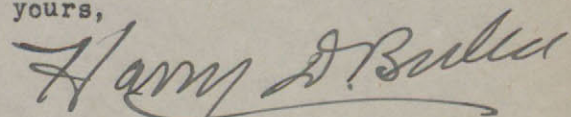

Mrs. Biden and I will be honoured to entertain yourself and Lady Currie during your stay in Amherst.

I am enclosing under separate cover two pamphlets, one on Fort Beausejour and the other a brief history of Amherst industries, which may interest you.

Trusting that the program submitted may be acceptable to you,

I have the honour to remain,

Faithfully yours,

Mayor of Amherst.

Sir:-

I have a telegram from your secretary at Montreal asking for our program for Exhibition week. Your plan calls for arrival at Amherst at 6.05 P.M. Saturday the 28th. This is only a difference of a few hours and our plans will not be changed as outlined to you in a previous letter. You will be met at the train by the returned men with Guard of Honor and I presume will inspect them at that place, and will proceed from your hotel to the dining room of the Exhibition where a banquet will be tendered you by the Provincial Legion.

On Sunday morning a church parade, placing a wreath upon the soldiers monument and church services for the Protestant and Catholic divisions. These services will be over at 11.30 A.M.

In a previous letter you were good enough to place yourself at our disposal during your stay here, and we have taken advantage of this to the extent of granting a request from the Town of Parrsboro situated on the Bay of Fundy about thirty-five miles from Amherst to officiate at the unveiling of a soldiers memorial monument. This will occupy the best part of the afternoon.

On Monday the official opening of the Exhibition will take place at 2 o'clock.

We are pleased to be advised that Lady Curry is accompanying you and your son and daughter. Lady Curry will be entertained by the Daughters of the Empire during your stay in Amherst.

The intervening periods will be subject to your pleasure. We trust that the above plans will be acceptable to you.

My dear Mayor:

Let me acknowledge with thanks the receipt of your letter of August 13.

I tried to arrange my arrival at Amherst on the 12:25 train on the 28th but could not secure the necessary accommodation.

I note the arrangements that you have made for Sunday and will be prepared to unveil the memorial at Parrsboro. With reference to the church parade on Sunday morning, I hope it does not involve any participation on my part in the services other than as a spectator. I wish to go merely as one of the worshippers.

I note that the Daughters of Empire are arranging to entertain my wife during our stay in Amherst. I am sorry they have gone to any trouble because my wife is not one of those women who like to be entertained. I am sure that if the Daughters of the Empire are counting on her speaking to them, they will be disappointed because she never has attempted and will not make a speech.

I will leave Amherst for Halifax on the evening train.

Dear Sir:-

We take pleasure in enclosing herewith the tickets for your box at the Fourth Annual Canadian Air Pageant and wish to take this opportunity to thank you for the patronage and support you are giving us.

In the near future you will receive reserved car parking tickets and complete information regarding the location of this space and the box you have chosen.

Trusting that this event will prove as interesting to you as we anticipate, we remain,

Yours very truly,

Dear Sir:

I trust you will pardon me writing to you, but our organization is endeavouring to sell tickets for the Air-Pageant, to be held at St. Hubert on Aug: 20th & 21st., for which we are to receive a commission in return, this is to be put to our relief fund, which I am sure will have lots of calls upon it this winter.

I am enclosing a price-list, and sincerely hope that you will favour us with your patronage, we feel that by our efforts we are trying our best to help the growth and development of Air-Service in our Dominion, and also help those who may need us in the near future,

Thanking you,

I beg to remain

Dear Sir,

In accordance with our letter of May 3rd, you will find enclosed a sticker for your windshield, which we would ask you to attach so that upon arrival at the airport the attendants will be able to quickly direct you to the location of your box.

With regard to the directions for reaching the airport; at a later date there will be a complete traffic map published in the papers giving full information regarding the traffic regulations laid down for the days of the Air Pageant.

The reservations for parking space for all box holders will be to the rear of the reserved seats and in close proximity to the boxes. We would ask that in order to avoid any possible delay or inconvenience, you make sure that this sticker is placed upon your windshield previous to leaving for the airport.

Thanking you for your patronage and trusting that you will enjoy the Pageant, we remain,

Yours very truly,

My dear Sir Arthur:

The Traffic Club of New England endeavors each year to make one of its meetings a "Canadian Night" and we have been honored heretofore by the presence of Mr. Beatty and Sir Henry Thornton. It was my thought this year that we should endeavor to have someone who could speak for Canada generally, and I extend to you a most cordial invitation to address the Club at its meeting to be held at the Copley-Plaza Hotel, Boston, on April 15, on any subject which you may elect.

I sincerely hope you can find it convenient to accept this invitation. We have many Canadians here in New England, and I can assure you of a very enthusiastic welcome.

My dear Mr. Hawkes,

This morning Mr. Lane brought me your letter of the 22nd March, in which you do me the honour of asking me to speak to the members of The Traffic Club at Boston on April 15th.

I appreciate very much the honour of this invitation and it would have given me great pleasure to accept. Unfortunately, however, I am compelled to say "no", for two reasons - first, the date is quite impossible on account of my other engagements, and second, it is this very sort of thing that I am supposed to avoid for another year. I am extremely busy with my work here, and find it takes all my energy and health, just at present. I feel confident that if I am careful I shall regain all my former strength and again be able to take my full share in all these activities, and I hope that you will ask me again a little later on.

With all good wishes,

My dear Mr. Preston:-

I appreciate very much the honour you have done me in your letter of November 22nd in asking me to speak to the Brantford Board of Trade on the occasion of their annual meeting in January next.

I should like very much to accept, but I am so uncertain as to when that libel suit of mine against the Port Hope paper is coming on that I feel I cannot make any more engagements for January. I am almost willing to make you a promise to go in the following year if all is well and you are still wishful to have me. I am truly sorry to disappoint you this next year.

My dear Sir Arthur,-

As President of the Brantford Board of Trade, I have been requested by the directors and members to invite you to address them, at their annual banquet in January next. This is one of the big events of the year in this city and, as Brantford citizens have long anticipated a visit from you, we sincerely hope that you can make it convenient to accept this invitation.

While January is the month, the exact date will be more or less flexible, -- somewhere about the middle of the month would be preferable to us. However, we can readily adjust our plans to suit you.

I know you are an exceedingly busy man, and it is a good deal to ask that you pay a visit to Brantford, but, if you can make it possible to accept, I can assure you that your welcome will be a hearty one.

Sincerely yours,

My dear Sir Arthur Currie:

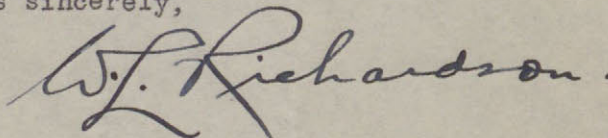

You may possibly remember me in connection with Dean Gordan Laing's recommendations respecting your proposed School of Education a few years back and also as having been in conversation with you at the University of Toronto centenary last fall.

I am writing you now with respect to the dedicatory exercises which this University plans to have in connection with its removal to our new Campus and new Buildings to take place early in November this year. We are not sure yet of actual dates and details of functions, but have tentatively decided that the latter shall extend over several days and comprise lectures, scientific and literary, special convocation for honorary degrees, a banquet and such light features as an interstate foot ball match and a great ball.

Mr. Hilton U. Brown, President of our Board of Directors has asked me to act as chairman of a joint committee of faculty and directors to make arrangements for these functions and has suggested that I write you in a preliminary way as to whether you could make it possible to be with us as one of two or three, at most, representatives of the great Canadian sister institutions. We are very anxious here to make the whole affair very grand and I as a Canadian originally and as having done a little work once upon a time at McGill and knowing of your great record in scholastic affairs as well as in the stirring events of ten years ago would particularly appreciate your gracing the occasion with your presence. You may depend upon it, if you can come, that your welcome will be none the less warm from your American cousins. We are hoping that you will be able to send us an affirmative reply.

With kindest personal regards and respect,

Yours sincerely,

Dear Sir:-

In the absence of the Principal I beg to acknowledge receipt of your letter of July 19th inviting him to be the guest of Butler University on the occasion of the dedication of their new buildings.

I am quite sure there is nothing Sir Arthur would like better than to attend this celebration and have the opportunity of congratulating you on the success which has crowned your efforts, but it so happens that he has been ordered by his physicians to take a long rest on account of his health. He is at present in Europe and does not expect to return to Montreal until the end of September. I feel certain that he would not be allowed to undertake anything in the nature of public speaking.

I am referring your letter to Dr. Martin, Acting Principal, who is also Dean of our Medical School, and who can give you all information.

My dear Sir Arthur

Some time ago I was talking with Professor James T. Shotwell about arranging for some lectures on Canada on our International Education Series described in the enclosed announcement. At that time Professor Shotwell said he expected to see you within a few weeks and would bring this matter to your attention. It is our desire to have nationally prominent figures deliver the addresses on this course and as we are opening the series with four lectures on Canada, we would be extremely honored to have you deliver the first address Tuesday evening, October 16.

There are many reasons for urging you to accept our invitation but I feel confident that you are aware of the value of such a series of lectures in the promotion of international understanding and the importance of having them delivered by qualified authorities. Our honorarium is small but we would be glad to add traveling expenses to a fee of one hundred dollars if you find it possible to come.

I have given serious thought to the kind invitation given to me the other day to be one of the speakers at the Convention of those interested in Advertisiing, to be held in Denver next June.

It would be a great distinction to speak for Canada at such a gathering, but I regret that I cannot undertake to do this. - I usually have a good deal to do at that time of year completing plans for the next session's work. My Professorial staff, as you know, separate about then for the summer vacation and I have many conferences with them. It is a long way out to Denver to make a speech, especially in view of the fact that I have already made several engagements for the early part of July.

Will you please convey to Mr. Gibbs my appreciation of the compliment tendered me and my great regret that it will be impossible to accept the invitation.

Dear Sir Arthur,

In a copy of the McGill Daily which has just come to hand I note with pleasure that you are to come to New York the end of this month to participate in the Anniversary services of Columbia University. May I congratulate you on receiving this honor. It is indeed a splendid testimony to you.

I was wondering whether you would like to meet with a group of Canadian students who are here at Union Theological Seminary and at Teachers College, Columbia. That is to say would you have time to take lunch or supper with an informal group? Or would you like to meet with American and Canadian students informally at a similar function. I do know that we would be delighted to have you as a guest and I know that a short talk from you would be greatly appreciated.

I realise that you do not wish to undertake heavy programs these days and I hope you will feel free to refuse any invitation which will work hardship on you. Nevertheless to meet you thus would do us good, if you feel able to do so. Kind regards, Sincerely yours,

With further reference to my letter of January 11th, in which I accepted the invitation of the Engineering Institute for dinner in the Windsor Hotel on the evening of February 15th, I regret that I must now inform you that it will not be possible for me to be present.

At the time your invitation arrived negotiations were proceeding with Sir Robert Falconer to the end that he would come to Montreal and address the Arts Undergraduate Society on the occasion of their Annual Dinner. I supported the students' request and asked Sir Robert to make a special effort to come and also to be my guest while here. It is now settled that he come on the evening of Wednesday, February 15th, that being the only evening possible for him. In the circumstances I feel I must attend the Arts Banquet, and as one cannot be in two places at one and the same time, I must apologize to you and ask you to release me from my promise.

Dear Sir Arthur Currie:

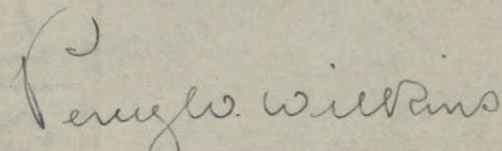

At the first General Meeting of the newly formed Canadian Vickers English Rugby Club, held on Monday the 7th of March, you were unanimously elected to the Patronage, subject to your approval and acceptance.

You may readily assume that it is the purpose and intention of everyone concerned, to make the name of Canadian Vickers Rugby Club synonymous with clean sport and manly conduct in every sense of the word.

Naturally, with the formation of a new Club, there is a certain amount of organization to be done and difficulties to be overcome, so that the advice and support of those who, in the past, have shown their interest and willingness to meet these difficulties in some small way are appealed to now, to place this Club on a solid foundation of moral and financial support, if their time and means will allow it.

Your acceptance of this Patronage would give the greatest satisfaction to all Members, and I would personally be glad to give you any further information that you feel you would like to have.

Yours very truly,

  
Secretary-Treasurer.

Dear Mr. Wilkins:-

Let me acknowledge your letter of March 15th in which you inform me that I have been elected one of the patrons of the Canadian Vickers English Rugby Club.

As you know, I have always been intensely interested in the encouragement of the playing of English Rugby and am always glad to learn of the formation of any new Clubs. I am very sorry that owing to unusually heavy expenditures just now (I am furnishing a house) I am unable to offer any financial support. Under these conditions I leave it to you entirely as to whether I am named a patron or not, but whatever your decision is I wish the Club every prosperity.

Yours faithfully,

Dr. Nelson George

Dear Sir Arthur,

May 27th is Convocation Day at the University of Western Ontario. On that day, as has been our custom, we purpose holding the Annual Banquet of the Medical Alumni Association, and as past-president of this body I have been instructed to write you, inviting you to be our guest speaker for the occasion.

The banquet will be held at Hotel London at 7 P.M. (Friday, May 27th) and the medical men are entertaining their wives. We therefore wish to extend to Lady Currie a very cordial invitation to be with us also.

We shall be waiting eagerly to know if we may have the honor of the presence of yourself and Lady Currie.

Yours truly,

Nelson George.

My dear Dr. George,

Let me thank you for your letter of April 18th, in which you convey the very kind invitation of the Medical Alumni Association to be their guest at the Annual Banquet on May 27th.

It would have given me much pleasure to be with you, but unfortunately our own Convocation takes place on May 26th; at that time I also expect to have Lord Byng staying with me, and I am asked to be in Ottawa for the meeting of the Royal Society May 26th to 28th. I don't quite know how I am to get through the last days of that month, with so much on my hands, - so that you will see it is quite impossible for me to come to London.

With all good wishes,

I am,

Ever yours faithfully,

Principal.

My dear Sir Arthur,

The High School of Montreal and the High School for Girls will hold their Graduation Exercises on the evening of Oct. 23rd, at eight o'clock. Will you do us the honour of addressing our graduates on that occasion? I have not had the privilege of having you here since I became Rector of the school. It will, therefore, be a special pleasure if you can come to us on this occasion.

Yours very sincerely,

  
Rector

Canon James E. Fee, M.A.,

Dear Canon Fee,

Let me acknowledge your letter of September 25th, in which you do me the honour of asking me to address the graduates of the High School of Montreal on the evening of October 23rd.

I am very sorry that this will be impossible, because immediately after the Graduates Reunion I have to go to New York in connection with some business with the Rockefeller Foundation, and I do not know just how many days I shall have to spend there. It would have given me great pleasure to address your graduates, but, unfortunately, this is a very busy season of the year, and for the next two months my time is completely taken up.

Ever yours faithfully,

Principal.

Dear Mr. Heslam,

I am very sorry to have to tell you that the number of obligations I have for next week will make it quite impossible for me to read a paper before the Teacher's Convention next Friday, but I am asking you to accept in my stead Professor Stephen Leacock, who is greatly interested in the subject which I intended to discuss, i.e., the Twelfth Year. I am sure you would enjoy him and profit even more from his address than you would by listening to me.

Assuring you of my very great interest in the teachers of this Province and in their work in the schools,

I am,

Ever yours faithfully,

Principal

Dear Sir Arthur:

I hope that you will be able and willing to visit Williamstown during the session of the Institute of Politics, and deliver a lecture on the occasion of its eighth Convocation which occurs on August second at three o'clock in the afternoon.

It is customary for us to have one address at this function and for the speaker to occupy about an hour. In other years we have had such men as Lord Bryce, Sir Frederick Whyte, and Mr. Lionel Curtis speak at Convocation. This year we are all anxious to have you here. From its limited funds, the Institute is able to offer an honorarium of \$250.

I am enclosing a copy of the Institute's general announcement, and you will note from it that we are spending half of our time on two subjects, the Pacific area and our relations with Latin America. The convocation address need not concern itself with any of the subjects which the Institute is taking up, but it is desirable that the Institute should get off on the right foot, and as the address that we are inviting you to make is the first one of the session, we should like you to give it that kind of a start which will carry it through to the end.

Trusting that you will be able to accept this invitation and that you will communicate with me at your earliest convenience, I am

Very sincerely and cordially yours,

Dear Sir:-

I beg to acknowledge receipt of your letter of June 29th addressed to Sir Arthur Currie, in which you were good enough to invite him to deliver a lecture on the occasion of the eighth Convocation of the Institute on August 2nd next.

I am sorry to have to inform you that Sir Arthur is at present in England and does not expect to return to Montreal until the end of September. It will, therefore, be impossible for him to accede to your request.

Many thanks for your letter of May 7th. I am overjoyed to hear that there is a chance of seeing you ere long. Please let me have a cable whenever your plans are fixed to say when you are due to arrive here.

On Thursday, June 28th, I have a little dinner here for Sir William Tyrrell, who is just vacating the Permanent Secretaryship of the Foreign Office to go to the Embassy at Paris; Sir John Tilley, our Ambassador at Tokyo; Sir Valentine Chirol, E.R. Peacock, and one or two others also. I do not want it to exceed eight, but am keeping one place open in the hope that you may be here in time to come. Could you also give us a talk at the Institute on the broad question of Canada and the conduct of foreign policy winding up with some account of the Canadian Institute and its activities?

I hope your family are coming over with you and that you will run down to Oxford and lunch with me at All Souls.

An Adult Educational Movement sponsored by

August 23, 1929

Sir,

I have the honor to extend to you an invitation to address Columbus Forum at our opening meeting for the 1929-30 season on Sunday November the 10th, 1929.

Although you are probably acquainted with our activity, might I be permitted to remind you that Columbus Forum, now commencing its fourth consecutive season, is an educational movement sponsored by Montreal Council Knights of Columbus. Its policy is non-racial and non-religious, our only aim being to bring before the people of this City lecturers of national and international repute for the discussion of questions of general public interest.

Sessions are held in our auditorium, which has a seating capacity of twelve hundred. Our program is conducted along standard forum lines consisting of an address followed by a question and answer period interspersed with appropriate musical selections. The whole being broadcast through station C. K. A. C., La Presse, Montreal.

As Sunday November the 10th is in armistice week we feel that a message from you, as Commander-in-Chief of our forces during the great war, as President of Canada's greatest university and as one of our leading figures in civic, military and educational work, would be a most appropriate opening for the Forum.

We fully realize the many calls of this nature that are made upon you, but trust that the nature of the work we are endeavouring to carry on, as well as your deep interest in all community service, will prompt you to favor us with your acceptance of this invitation.

I will only be too pleased to furnish you with any further particulars or information concerning our work that you may desire.

Yours sincerely

Dear Mr. Murphy:-

I am grateful for the kind invitation you have extended to me to address the Columbus Forum at the opening meeting of the 1929-30 season on Sunday, November 10th next.

I am fully aware of the splendid educational work sponsored by the Montreal Council, Knights of Columbus. Not only would it be a pleasure in ordinary circumstances to comply, but I regard it as a duty as well. Nevertheless, I must say no. I do so with much regret, but I have promised those responsible for my health that I will refrain from public addresses for some time yet. Please do not make any public reference to the reason for my refusal. I am fast regaining good health and while I must take certain precautions if I am to get truly well, it does no good to see constant references to the fact that doctors advise me to do no public speaking for the next year.

I wish you and your work all possible success and perhaps some time in the future I may be allowed to help.

Yours faithfully,

Dear Mr Principal,

The Lakefield Preparatory School is celebrating its Fiftieth Anniversary in 1929. The Old Boys are holding a Dinner at Hart House, Toronto, in honour of this occasion on March 9th and are inviting a representative from all the Colleges and Schools to which Lakefield boys have gone. Sir Robert Falconer has himself already accepted on behalf of the University of Toronto.

We hope that you will give us the pleasure of yourself coming as representative of your University on this occasion. In the event of your not being able to personally come, would you please let us know who you would suggest as representing your University, so that a formal invitation might be sent to him.

Dear Sir:-

In the absence of the Principal I beg to acknowledge your letter of the 30th of January, in which you were kind enough to invite the University to be represented at the celebration of the 50th Anniversary of Lakefield Preparatory School, at Hart House on Saturday evening, March the 9th.

I regret that Sir Arthur Currie will not have returned from abroad by that date and it will therefore be impossible for him to attend. March is such a busy month in University circles that I am afraid it is very unlikely that any member of the staff could spare the time to go to Toronto for the purpose. Perhaps you could give me the name of one of the members of your Association, a graduate of McGill, who would be willing to represent his Alma Mater on this occasion.

With all good wishes for an enjoyable evening, I am,

Yours sincerely,

Dear Mr Martin,

I received your letter of the first in answer to my invitation on behalf of the Lakefield Old Boys to Sir Arthur Currie. I appreciate that the Spring is a bad time for University Authorities to be absent and am only sorry that none of the members of the Faculty of McGill can be present with us.

I have placed your suggestion in front of my Committee, and the view that they adopted was that it would be preferable for you to name some Graduate of McGill who is more senior than any Graduate that we could obtain from the members of our Association, as it so happens that most of our McGill Graduates would be considerably younger than any of the other representatives present.

Yours sincerely,

PRESIDENT'S OFFICE

August 16, 1932

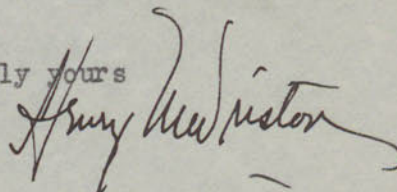

My dear Sir Arthur:

I am writing on behalf of the faculty of Lawrence College and the staff of the Institute of Paper Chemistry to invite you to speak at the Matriculation Day convocation of Lawrence College and the dedication of the new building of the Institute of Paper Chemistry. The convocation will be at ten o'clock in the morning, Wednesday, September 21. It is the first gathering of the students during the coming academic year, and it is usually attended by many people of the community, so that there are twelve or fourteen hundred people in attendance.

Under separate cover I am sending you a booklet describing the organization of the Institute of Paper Chemistry and its first building which was dedicated just a year ago. We are inviting paper manufacturers to attend, and we expect to have a large number of them here.

I earnestly hope that you will find it possible to accept this invitation and be with us on September 21.

Sincerely yours

My dear President,

On my return to the office this morning, I find your letter of August the sixteenth, in which you do me the honour of inviting me to speak at the Matriculation Day Convocation of Lawrence College and the dedication of a new building of the Institute of Paper Chemistry.

I am sorry to have to tell you that I have made arrangements for the last two weeks of September which make it impossible for me to be at Appleton on the date mentioned.

Let me add that I have had the pleasure of meeting more than one graduate of Lawrence College and also have heard much of your success in interesting, to a pronounced degree, the owners of pulp and paper mills in the establishment of the Institute. Great success, I know, has attended your efforts so far, and I am sure greater success and influence will be yours in the future.

With all good wishes, and regretting that I cannot accept your kind invitation,

I am,

Yours faithfully,

Principal.

CANADIAN PACIFIC RAILWAY COMPANY

OFFICE OF THE CHAIRMAN AND PRESIDENT

MONTREAL

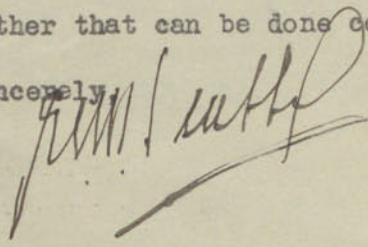

August 18th, 1932.

Dear Sir Arthur:

When in Ottawa on Monday I was called by long distance phone by Mr. F. J. Sensenbrenner of Neenah, Wisconsin. Mr. Sensenbrenner is a Director of the Soo Line and is one of the ablest newspaper executives in North America; indeed, in my opinion, he is the outstanding man in his business in the United States, if not in Canada as well. He told me of an invitation which was being extended to you by the President of Lawrence College, Appleton, Wisconsin, to speak at the dedication of a building of the Institute of Paper Chemistry in Appleton, on September 21st.

This invitation has, I think, reached you today. Naturally, I do not know what your plans are for the fall and whether they include a trip to the West, or indeed, whether they would permit you to attend the ceremony to which you have been invited, but this I do know, that if Mr. Sensenbrenner sponsors the invitation as he did to me it is one which should receive some consideration. Naturally, on personal grounds I would be glad if you found it possible to accept the invitation, but you will know whether that can be done conveniently.

Yours sincerely,

General Sir Arthur Currie,  
Principal and Vice-Chancellor,  
McGill University,  
Montreal.

August 23, 1932.

E. W. Beatty, Esq., K.C., LL.D.,  
Chancellor,

My dear Chancellor,

Let me acknowledge and thank you for your letter of August 18th in which you say that Mr. F.J.Sensenbrenner of Neenah, Wisconsin, a director of the Soo Line, seconds the invitation which I have had from the President of Lawrence College, Appleton, Wisconsin, to be the speaker at the Matriculation Day Convocation and at the dedication of a new building of the Institute of Paper Chemistry.

Had this function been a little earlier in September I would gladly have accepted, but as it is the last two weeks of September I plan to be here for several engagements, and also, with the beginning of the new Session in October, it is a busy time, so that on the whole I thought it best to decline to go to Wisconsin. I have written President Wriston this morning to this effect.

Ever yours faithfully,

Sir Arthur Currie, K.C.B.,  
McGill University,  
Montreal, Canada.

My dear Sir:

I am extending to you, on behalf of the Alumni Association of the Long Island College Hospital Medical School, of which I am President, an invitation to be present at its 49th Annual Dinner and Re-union, to be held Saturday evening, April 20, 1929, at the Hotel Bossert, Brooklyn, N. Y.

This affair commemorates the 70th incorporation of the Medical School, which is the third oldest in the State of New York.

Of course, any railroad and hotel expenses incurred will be cheerfully defrayed by the Association.

Trusting that the Alumni Association may have the honor of your company on that evening, I remain,

Cordially yours,

Medical Director,  
Custom House,  
New York City.

Dear Sir:-

I beg to acknowledge your letter of March 21st addressed to Sir Arthur Currie and inviting him to be the guest of the Alumni Association of the Long Island College Hospital Medical School, on the occasion of its 49th Annual Dinner and Reunion, Saturday evening, April 20th, at the Hotel Bossert, Brooklyn, N.Y.

I regret to inform you that Sir Arthur is at present in Europe and will not return to Montreal before the end of May. Were it possible for him to accept your courteous invitation I know he would be delighted to do so. Please present to the Medical School and to the members of your Association the compliments of McGill University.

With best wishes for a happy and successful reunion, I am,

Yours faithfully,

Acting Principal.

Montreal May 1st 1931.

Sir Arthur Currie, G.C.M.G., K.C.B., LL.D.  
Principal, McGill University,  
Montreal, Que.

My dear Sir Arthur:-

No doubt you have been made aware, through the public press, of the necessity which exists for enlarging and re-organizing St. Mary's Hospital to enable it adequately to meet the increasing demands upon its facilities. The existing institution on Dorchester Street was opened eight years ago. Though organized primarily to serve the needs of the English-speaking Catholic population its doors were at all times open to every applicant irrespective of race or creed.

There is now a very urgent need for the expansion of these facilities on a generous scale with which aim the active supporters of the Hospital have undertaken to raise by subscription the sum of \$1,000,000. Of this amount the Provincial Government and the Municipality of Montreal have each pledged the sum of \$350,000. The remainder must be secured by appeal directed to the supporters of the Hospital and to the generous public.

For the purpose of inaugurating this appeal, a public dinner will be held on Monday May 11th at the Windsor Hotel at 7:00 p.m. I should be personally grateful if you, pursuant to your public spirited attitude in previous similar efforts, would give us your countenance and sympathetic interest by being present as the guest of the Committee, prepared also to speak a few words of approbation of the appeal.

An answer by early mail to Room 703, University Tower Building, or telephone to Ha-9239 would be appreciated.

Yours very truly,

Chairman

GENERAL CAMPAIGN COMMITTEE.

May 5th, 1931.

Senator W. L. McDougald,  
25 Sunnyside Road,  
Westmount, P. Q.

Dear Senator McDougald,

I should before this have acknowledged your letter to me, but I was away for the weekend, and yesterday and today have been so extremely busy that up to the present moment I have not had the time.

With reference to being present at the inauguration of the appeal on behalf of St. Mary's Hospital next Monday night, I regret more than I can tell you that I have an engagement of some standing for that evening which I cannot put aside.

With every good wish for the success of the campaign,

I am,

Yours faithfully,

My dear Sir Arthur:

Your letter of the 13th., instant is to hand to-day. I hardly expected that you would be in Toronto for our Gymnasium Exhibition, However, some day I hope to have the privilege of showing you over the school. Perhaps when you are coming to Toronto if you would be good enough to let me know before hand, I can arrange to send my car in for you.

Your remarks regarding Brown are noted with interest. I got the young man to come up to see me when he was home during the Christmas vacation, and took the opportunity of warning him as to the danger of allowing Football, or any other legitimate activity, to interfere with his work. His father told me yesterday that at a recent examination he had done better. I think I shall drop him a line to let him know that you took the trouble to mention him in a letter to me as it might act as an additional incentive to him to make the best use of his opportunities.

With kind regards,  
Yours faithfully,

October 25th, 1930.

Sir Arthur W. Currie, G.C.M.G.,  
McGill University,  
Montreal, Quebec.

My dear Sir Arthur:

We are very happy to know you are planning to attend the Formal Opening of the New McMaster buildings on November 14th. This gives us a great deal of satisfaction, and, I know, will mean much to your many friends in Hamilton, and throughout the country generally, who are interested in our undertaking.

Our Committee on Programme is arranging to give a luncheon to the distinguished guests, at 12:30, in the Hotel Connaught. This will be given, nominally, under the auspices of the Canadian Club. The Canadian Club Committee, and our own Committee, desire to have you as the chief speaker, and, in addition, thought it would be well to ask an Old Countryman and an American to speak briefly, say, for six or seven minutes each. By such an arrangement, we would deprive ourselves of the pleasure of hearing you to as great length as we would desire, but it is introducing a feature which, it is felt by the joint Committee, would add much to the occasion. I think you should plan to speak, say fifteen minutes, or more.

We are very glad, indeed, that Mr. E.W.Beatty has kindly consented to speak in the evening.

Thanking you in anticipation, I remain

Sincerely yours,

Dr. Howard P. Whiddon,  
McMaster University,  
Hamilton, Ontario.

My dear Dr. Whiddon,

I am grateful for the compliment implied in the invitation contained in your letter of October 25th to speak at the luncheon given to distinguished guests at the Hotel Connaught on November 14th.

You have probably seen in the press within the last ten days that I have accepted, on behalf of the Canadian Government, a mission to India. This has changed my plans considerably. I find that I must leave about the 6th of December, and this means that I have scarcely a moment to spare in the interval. It will be a great disappointment to me if I cannot go to the opening ceremonies of McMaster, and I am going to make a very special effort to be present, but owing to the work in hand it will be impossible for me to prepare any address acceptable to you.

While thanking you very much, I must therefore ask the Committee not to count on me for an address.

Ever yours faithfully,

Principal

Dear Sir Arthur:

On April 22 and 23 we shall inaugurate William M. Magee, S. J., as President of Marquette University. The program will consist principally of a religious service, an educational symposium, and inauguration ceremonies.

The educational symposium will be held on Monday afternoon, April 23, at 2:30 P. M. The subject is "Higher Education and the Higher Life," to be discussed by three or four speakers.

We should be pleased to have you present this subject from whatever point of view would be most agreeable to you. Your acceptance would guarantee the quality of the discussion and place us under great obligation to you.

We should be pleased to have you as a guest of the University while you are in Milwaukee.

Very sincerely yours,

Let me acknowledge receipt this morning of your letter of March 1st, in which you ask me to speak on the subject "Higher Education and the Higher Life" on the occasion of the inauguration of William Magee, S.J., as President of Marquette University.

I assure you that I appreciate very much the honour of the invitation, but it so happens that about that time in April I must be in attendance at a trial in which I am the Plaintiff. This makes it impossible for me to make any engagement for the latter part of April.

I deeply regret that it will not be possible to be with you, and may I ask you to convey to President Magee my sincere good wishes for the continued success of Marquette University under his direction.

We are all most anxious to have Sir Arthur with us at the close of our meeting, to give him an opportunity of sizing up the whole situation and giving us his views thereon.

My dear Colonel:

Let me acknowledge the receipt of your letter of August 20 in which you have done me the honor of asking me to speak at the first annual meeting of the Montreal Board of Trade to be held at St. John in October. Let me assure you that I very much appreciate this invitation. I am sorry to say that it is not possible for me to accept.

You will recall that I foolishly accepted the chairmanship of the commission which is dealing with the claims of congregations who feel that their interests have been adversely effected by church union. My report in that connection must be completed early in November and I have yet to sit upon forty different claims. Under these circumstances it is not possible for me to accept any outside engagements until that work is completed.

I regret very much to have to refuse because I know how important the meeting in St. John will be.

My dear General Currie:-

The Adult Education Association of Cleveland has each year a two day institute on foreign affairs. This year we are planning to hold the institute on the 9th and 10th of March and are centering the whole institute about the three Americas. We are to have the Panamanian minister, who will speak about Central America; Stephen Bonsal, who will speak about the West Indies; Dr. Jose Vasconsales, who is to speak on the Americas' international problems generally, particularly with reference to Latin America; and Dr. John Latene of Johns Hopkins University, who will speak about the general political relations of the three Americas. We are particularly anxious to have with us a representative of Canada who will speak on the general problems of inter-American relations. We, of course, regard Canada and the United States as especial yoke fellows in the problem of leadership in the Western Hemisphere.

It would be a great happiness to us if you could come on one of the other of those days as our guest and make an address along the lines suitable to our general theme. Our Association would, of course, be glad to bear the expense for your travelling and entertainment and would welcome you with all the hospitality of America. Incidentally, the American Legion here would be glad to add its welcome with ours, if you could find the leisure to join us on this occasion.

With assurances of high regard, believe me

My dear Mr. Baker:-

I am this morning in receipt of your letter of the 7th, in which you ask if I will go to Cleveland on the 9th and 10th of March to speak to the members of the Adult Education Association of Cleveland on foreign affairs.

I fully appreciate the increasing interest in this subject among our people and I realize the help which the United States and Canada can render towards a better understanding amongst nations. I would like to accept the invitation and the subject suggested is of very great importance, but, unfortunately, engagements already made make it impossible for me to be in Cleveland on the dates mentioned.

I am also sorry because nothing would please me more than to meet the members of the American Legion, for I have not forgotten the splendid fellows from the United States who served with us in the great adventure.

With all good wishes to you personally and to your Institute, I am,

Yours faithfully,

Sir Arthur W. Currie,

Dear Sir:-

THE MONTREAL MOCK PARLIAMENT, which is being organized by The Montreal Debating League, will take place in the Ball Room, McGill Union, Sherbrooke St., West, at 8.30 P.M., Thursday, January 12, 1933. Mock parliaments have been held in Montreal in the past, but this is probably the first time in the history of this city that such a large number of organizations (eight, in all) have undertaken to participate in one mock-parliamentary function, and render it truly a Montreal Mock Parliament. These eight organizations are: McGill Junior Debating League, Loyola College Debating Society, Lions Club, Knights of Columbus, The Spoke Club of Montreal, Y.M.C.A., Drummond Street, Montreal Junior Board of Trade, Y.M.H.A., and The Ciceronian Club of Montreal.

His Worship Fernand Rinfret, Mayor of Montreal, has kindly consented to be an honorary patron of the MONTREAL MOCK PARLIAMENT, and may attend the function. Mr. John A. Sullivan, K.C., M.P., will officiate as the Speaker of the House. Dr. Ira A. MacKay, Dean, Faculty of Arts, McGill University, is the Honorary President of the Montreal Debating League. When I mentioned to Dean MacKay that the League would greatly appreciate your extending your honorary patronage to the Montreal Mock Parliament, and also your attending it if at all possible, Dean MacKay heartily endorsed my extending the invitation to you.

I trust, Sir Arthur, that you will consent to be an honorary patron of the MONTREAL MOCK PARLIAMENT and that you will attend it if convenient, in which case I shall look forward to seeing you on Thursday night. Will you please reply by first mail?

I enclose copy of the Montreal Debating League's Annual Review and Programme for the season 1932-33, which may be of interest to you.

Yours truly,

Dear Sir Arthur Currie,

You will remember that you kindly said you would let us have a few hundred words from you to include in the publication of the forthcoming Canada pages which we are desirous of beginning in the course of the next fortnight or three weeks.

For any article you send us, we shall be most grateful. We would like not less than 450 words, and, if you can manage it, 1000 words.

With kindest regards and my very best thanks for your kindness and courtesy to me,

Yours sincerely,

Dear Sir Arthur,--

I am writing to ask you to do me a great favour. I get out a Book Feature every year at the beginning of November, and I want you, if you will, to write me a short article on "A Student's reading." Nobody can do it as well as you could, and I want you to write it over your own signature, for my front page. I shall hold this as a very great kindness. I am sorry I could not have asked before, but was uncertain as to the date. If you could let me have a message of, say, one thousand words,

by next Tuesday or Wednesday, Oct. 28 or 29,  
it will be most sincerely appreciated.

Please don't think this is an  
unreasonable request. With yourself as head of  
Canada's greatest University, I simply could  
not see anybody else writing that article.

May I offer my congratulations to  
you upon the Indian "appointment"! I envy you

Montreal. P.Q.

My dear Mr. Morgan-Powell,

I have your note of yesterday in which you have done me the honour of asking me to prepare an article of about a thousand words on students' reading.

It is an interesting and intriguing subject, but I cannot comply with your request, because, frankly, I have too much to do. I am preparing to make several short addresses in the next three days and am also preparing an important memorandum to be submitted (also within the next day or so) to the Rockefeller Foundation in New York, besides which matters that are routine in university affairs, but of great importance, must be disposed of very shortly. I cannot see where I have a moment to spare for some time to come.

Thank you very much for your kind congratulations with reference to the trip to India, although one of my correspondents who happens to be a friend of yours has referred to the ceremonies as being rather reminiscent of "Nero fiddling while Rome is burning".

Ever yours faithfully,

ANNUAL MEETING 1933, TICONDEROGA, SEPTEMBER 14, 15 and 16  
September 4, 1933

General Sir Arthur Currie  
McGill University  
Montreal, Canada

Sir:

On Saturday, September 16, 1933, the New York State Historical Association, a scholarly organization of about 2500 members, will set up at Ticonderoga, New York, a bronze tablet dedicated to the memory of the Marquis de Lotbiniere, who in 1755-1758 constructed Fort Carillon, later known as Fort Ticonderoga, near that place. The Marquis, as you will remember, was given the surrounding district as a seignior, which thus constituted the furthest enclave of old Canada along the frontier. General Sir Jeffery Amherst is likewise to be honored in the rechristening of a nearby street with his name. The 5th Royal Highlanders of Canada stationed at Montreal, (allied with the Black Watch, who fought so gallantly at Ticonderoga in 1758) have courteously promised to send their bag-pipers and drummers, twenty in number, to participate in the attendant ceremonies, and delegations of patriotic and historic societies have arranged to be present.

The people of northern New York are taking a lively interest in this celebration and it is planned to make it a dignified and important occasion recalling not only heroic and picturesque episodes in the history of this continent but also symbolizing present-day international good will. The Ambassadors from Great Britain and France have been invited to be present. The purpose of this letter is very cordially to invite you to join with them and with us in this notable celebration.

Ticonderoga, as you doubtless well know, is situated at the foot of Lake George and the head of Lake Champlain, easily accessible by train or by motor. It is hoped, Sir, that you may arrive either the evening before or by the early train Saturday morning. In either event we would like to escort you during the morning to Crown Point, where exercises will be held within the walls of the great fort constructed by General Amherst

during the year 1759-1760. The exercises dedicating the Lotbiniere tablet and the Carillon Bridge will be at two in the afternoon, Eastern Standard time. At the conclusion of these ceremonies Fort Ticonderoga with its remarkable military museum will be inspected. The committee will, of course, be very happy to provide entertainment for yourself and your party during your stay at Ticonderoga.

With the warmest hope that you will find yourself disposed and able to be present, I have the honor to be, Sir,

Your obedient servant,

*Julian P. Boyd*

Dear Mr. Boyd,

May I thank you very much for your kind letter of September 4th, in which you tell me of the interesting ceremony which will take place at Ticonderoga next Saturday when the bronze tablet dedicated to the memory of Marquis de Lotbiniere will be set up. It would have given me the greatest pleasure to attend the function, but unfortunately your letter only arrived yesterday, and I have already made an engagement for that day. I should like to have been with you, and it would have been appropriate for McGill University to have been represented on such an historical occasion.

With all kind wishes,

Sir Arthur Currie,  
Principal,  
McGill University,  
Montreal.

Dear Sir Arthur:

On March 9th, 10th, and 11th an Intercollegiate Model Assembly of the League of Nations, held under the auspices of Dalhousie University, Acadia University, Mount Allison University, and the University of New Brunswick, will meet here. This will be the fourth of an annual series, and the past three have been very successful. It is our practice to have a distinguished speaker from outside the Maritimes address the delegates each year, and I extend you a hearty invitation to give the address this year.

Our programme is flexible, and we should be glad to have you address us on any of these dates. So far, indeed, the dates are tentative, and any date from the 9th to the 11th, exclusive of Saturdays and Sundays, would suit us equally well. (2nd to 18th)

I very much hope that you will be able to accept this invitation, and if you do, I think you can rely on having a keen and intelligent audience.

We should, of course, pay all your expenses.

Yours very truly,

Malcolm McPherson

Dear Professor McPherson,

I regret very much that it will not be possible for me to avail myself of your kind invitation to come to Fredericton next month to address an Intercollegiate Model Assembly of the League of Nations under the auspices of the Maritime Universities. It so happens that I have had more than the usual number of outside speaking engagements this year (I think I have averaged two a week) and that March is an exceptionally busy month at the University. I am very sorry that I cannot undertake anything more, but wish you all possible success.

Ever yours faithfully,

September 26th, 1930.

My dear Sir:

The New England Society in Brooklyn is this year celebrating its Fiftieth Anniversary. It is an institution composed of Brooklyn people whose ancestors are from the New England States. Every year during its existence it has had an Annual Dinner around the 21st day of December. This year the tentative date selected is December 18th and at that Dinner we have always had at least two of the most notable speakers in the country, including on several occasions the President of the United States, the British Ambassador and others. We like as often as we can to have a representative of England or her colonies address us at that dinner, and it has been

suggested by several of the directors of the Society that we ask you if you would care to speak that evening. There is an honorarium of \$200, and expenses, which the Society will pay.

I would be very glad to hear from you as to whether or not you can be present, and if you can do so I would suggest that you let me know whether either the 17th or 18th would be convenient, as it may be that the other speaker could come on the 17th rather than the 18th, in which event we would of course try to make the date fit both speakers.

Sincerely,

JERE D. TAMBLYN  
SECRETARY

My dear Sir:

The Chamber of Commerce of the State of New York will hold its one hundred and fifty-ninth annual banquet on Thursday evening, November 17th next, at the Waldorf Astoria Hotel, New York.

I have been appointed Chairman of the Banquet Committee, and my associates on that committee are:

Mr. William D. Baldwin  
Mr. Frederic W. Ecker  
Mr. Clarence H. Kelsey  
Mr. Laurance McGuire

The Banquet Committee desire to have you as the guest of the Chamber on that evening, and to speak to our membership. There will be one other speaker besides yourself.

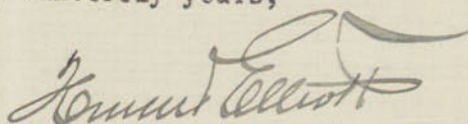

These annual banquets of our Chamber of Commerce are an important and interesting event in the commercial life of New York. Our Chamber of Commerce was granted its first charter by King George III before the creation of the United States and it is the oldest commercial body in America. These annual banquets are attended by from 800 to 1000 important business leaders who are interested in commerce, not only in the United States, but also in Canada and all parts of the world.

The Chamber has been fortunate in the past by having been addressed by Presidents of the United States and other men of distinction, not only from this country, but from abroad. The relations between Canada and the United States are so intimate and cordial and you have had such a wide experience in the life of our pleasant neighbor to the north of us that the Committee feel that if you would be willing to come here and address our membership, it would be a great thing for the relations between the two countries.

It is probable that the other speaker will be Mr. J. W. Spangler, President of the Chamber of Commerce of Seattle, Wash, who will bring a message about the relations between the United States, Alaska, our insular possessions and the Orient.

I hope very much indeed that you can accept this invitation and I can assure you that we will all feel very much honored and you will have a most hearty welcome.

Very sincerely yours,

My dear Mr. Elliott:-

I have the honour to acknowledge the receipt of your letter of October 11th, in which you ask me to be the guest of the Chamber of Commerce of the State of New York on the occasion of its one hundred and fifty-ninth annual banquet, on Thursday evening, November 17th next, at the Waldorf Astoria Hotel, New York.

I am truly sorry that I cannot accede to your request. I have made so many engagements for public addresses this Fall that I cannot add one more and do justice to my hosts or my work here. Besides this I have an engagement here for the following day which cannot be postponed. In other circumstances it would have given me great pleasure indeed to meet the members of the Chamber of Commerce, and I am exceedingly sorry that it cannot be on the occasion of this banquet.

My dear Mr. Chancellor:

I am taking the liberty of writing to you in regard to a matter which I trust may have your sympathetic interest.

There is in the City of Columbus a Club known as the Crichton Club, which has a membership of approximately seven hundred. As a Club, we are greatly interested in the friendly relation between Canada and the United States and everything that pertains to the friendly welfare of these nations. Knowing that you are also interested in this same end, the Club would consider it a great honor if you would consent to speak to its members sometime during the coming spring, upon some subject which has a bearing on the mutual relations of Canada and the United States. I may add that the Club meets four or five times a year and always has a prominent speaker, very often from a foreign country.

As you may know, the Ohio State University is situated at Columbus and many members of the University faculty are members of the Crichton Club. I just happened to remember that the head of our Department of Philosophy, Professor J. A. Leighton, and Professor F. E. Lumley of the Department of Sociology, are outstanding Canadian scholars and prominent in the Crichton Club.

The Club would expect to pay such an honorarium as would meet with your approval. If you can come, I am sure we can arrange a satisfactory date.

Trusting that you will do us the honor of accepting this invitation and with my great respect, I am

Dear Dean McPherson:-

I am this morning in receipt  
of your letter of January 17th.

The matter of friendly relations  
between Canada and the United States is a subject  
that interests me greatly, believing, as I do, that  
the maintenance of goodwill and understanding between  
our two countries and between the United States and  
the British Empire, should be the outstanding feature  
of our international policy. It would be a pleasure  
for me to speak to your Club, but this Spring finds  
me unusually busy and I do not care to accept any  
more engagements. In fact, I cannot, and I there-  
fore regretfully have to tell you that it will be  
impossible for me to be with you.

With all good wishes for the  
success of your Club and the ends it seeks to serve,  
I am,

Yours faithfully,

Principal.

General Sir Arthur Currie,  
McGill University,  
Montreal, P. Q., Canada.

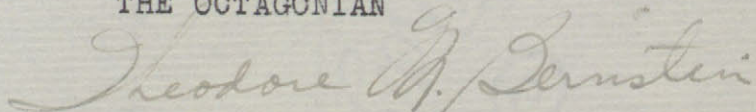

Dear Sir:-

In view of current widespread efforts to direct public thought along channels leading to international peace, The Octagonian, which is the official magazine of the Sigma Alpha Mu Fraternity, is anxious to do what it can to advance these efforts. It is therefore conducting a symposium among leading educators of the country on the subject "What the College Man Can Do to Promote World Peace." May we respectfully request you to contribute your views on this subject? What is desired is a brief statement of perhaps 250 to 300 words, although this is by no means a rigid restriction.

While The Octagonian is not offered for public sale but circulates among graduates and undergraduates of thirty-three colleges in the United States and Canada, an effort will be made to bring this symposium to the attention of the public through the medium of the press. It is understood, however, that the Fraternity does not desire publicity, but our aim is purely to make our humble contribution to what we consider a profoundly important cause.

Since the symposium is to be published in our May issue, may we hope to receive your reply before April 1st?

Very truly yours,

Dear President Currie:

OPTIMISM  
PRACTICED  
TURNS  
INEFFICIENT  
MEN  
INTO  
STRONG  
TIMBER

In deciding upon the judges for an international contest on the subject of service, your name was suggested very naturally. We feel, somehow, that your conception of service - through your personal activity in directing the affairs of a great university - will tend to make you in sympathy with the kind of work we are doing.

SERVICE  
WITHOUT  
PROFIT

Optimist International is a men's service organization composed of 120 clubs scattered throughout the United States and in Canada, with an aggregate membership of approximately 8000. Its object in conducting this contest is to urge its member clubs to greater acts of service. Three prizes will be awarded to those clubs which, in the opinion of the judges, have rendered or are rendering the greatest service to the community. Manuscripts will be limited to 1000 words, and will in no way be judged according to literary merit. The contest closes May 15, 1930.

VISION  
PLUS  
ACTION

In asking you to act as judge of this contest, it is not our idea to burden you with a tedious and tiresome job. Our International Headquarters Office would offer you every cooperation, and would, of course, go over these manuscripts first, choosing perhaps ten which would be of outstanding merit.

SUNNY  
SIDE  
OUT

While this does seem quite a favor to ask, we felt you might consent to help us in the interest of service. You would, of course, not be obligated beyond acting as judge. As we expect to launch this contest with an article in a recent issue of our official magazine, we would appreciate it if you would let us have your answer promptly.

My dear Arthur:

A few weeks ago I wrote you asking if you will come to our State Dental Society Meeting to be held early in April. I am quite anxious to know if you will come and the date that will be convenient for you.

I just had word from Ruthven saying he would like to know very soon because he had an invitation for early in April and did not want the date to conflict.

It will be a great favor to me if you will come.

Very sincerely,

REP:P

June 16, 1931.

My dear Dick,

I am sorry that I have not before this answered your recent letter, a failing of which I am reminded by your letter of the 11th.

Much as I would like to please you - and that is the only reason why I would ever think of addressing any dental association - I feel that I must decline. I am glad to be able to tell you that I am feeling better now than I have at any period during the last three years, but yet from time to time I experience sensations which convince me that I must exercise at all times the greatest care. Doctors everywhere have warned me that there are three things I must do or not do, and they are these. They tell me not to take my work home with me, and so leave my evenings free; secondly, I must take my weekends off and get a bit of exercise and fresh air, and thirdly they suggest that I cut out this "d... public speaking" which is responsible for a great waste of nervous energy. There is some public speaking, of course, that I must do, and I admit that I do more than there is need of doing, but to prepare an address and go to Detroit to deliver it is something that I feel in fairness to myself I must forego.

Every fortnight or so we see Charles in Montreal, who gives us news of the family, and I have been sorry to learn of Ettie's ill health. When returning from Japan I saw Addie and Lou in Port Arthur and thought Addie was looking very well but that Lou was not quite as cheerful. She is always so full of life that I feel keenly when I see any evidence of her not being her usual self. My sister

May, who has been in Montreal since last Christmas, is fairly well but during the last ten days has been laid up with a severe cold. May is not very strong and must always take the best of care of herself. The other members of the family are all well and join me in love to you.

Ever yours faithfully,

Dear Sir:

When I wrote you last June to ask you to be the guest of this Society at its 180th Annual Dinner (an invitation which my friend, Tait McKenzie, our former President, warmly seconded) you regretted your inability to attend on account of ill health. I trust that your summer's rest has been very beneficial, and I am wondering whether you would be willing to reconsider your first decision on the matter and be our guest from Montreal. The journey is a very easy one without change of train and it would be a great pleasure for us to have you with us.

Believe me,

Yours very truly,

Dear Sir Arthur:

The St. Andrews Society of Philadelphia, founded in 1749, have asked me to second the invitation which they are sending you, to be their guest of honor at their next annual dinner on the thirtieth of November. This I do with great pleasure and sincerely trust that you will be able to be with us.

During my two terms as president, three years ago, our guests were Sir Esme Howard and Monsieur Jusserand, the French Ambassador and we have always had men of national importance as our guests.

Just at this time, when the relations between Canada and the United States are occupying a good deal of the public attention I think a visit from you would be timely and appropriate. It could be done with a loss of not more than two days and I sincerely hope that you may be able to manage it.

It is not only on account of the Society but on my own account that I write you, as it would give me great pleasure to have the opportunity of seeing you again.

With kindest regards to Lady Currie and yourself, I am

Yours sincerely,

My dear Professor McKenzie:-

I am this morning in receipt of your letter of the 19th of June and while the doctor has forbidden me to answer any correspondence I am violating his instructions to this small extent.

I have just written to Mr. Hoffman telling him that in view of the uncertainty of my health I feel I must decline the invitation to speak to the members of the St. Andrew's Society of Philadelphia next November. Martin and Meakins insist on my following a very rigid diet and taking a long rest. I have hopes of the best results and if these materialize perhaps the Society may ask me some other year.

Please remember me most kindly to Mrs. McKenzie and with all good wishes to yourself, I am,

My dear Mr. Stearns:-

I am today in receipt of your letter of November 23rd, in which you do me the honour of inviting me to be a guest of the Trustees and Faculty of Phillips Academy, on the occasion of its 150th Anniversary celebration to be held on the 18th and 19th of May next.

As I indicated to President Hopkins, I am very pleased to accept the invitation and will participate in any manner suggested by those in charge of the arrangements.

My dear Principal Currie:

May I extend to you in behalf of my colleagues of the Trustees and Faculty of Phillips Academy a cordial invitation to be our guest on the occasion of our 150th Anniversary celebration which we are planning to hold on the 18th and 19th of May next. A detailed program and more information will be sent you later, but in the meantime it is our earnest hope that we can have the satisfaction of counting you among those who are planning to be with us on this significant occasion.

It may interest you to know that the presidents of the leading universities and colleges of the East, including Yale, Harvard, Princeton, Columbia, etc., have already accepted our invitation. I can assure you that we shall have a very distinguished gathering and exercises of a character, I trust, that will make the occasion one not only of pleasure but of real value to those who attend.

Awaiting what I hope will be a favorable reply

and with assurances of esteem, believe me

THE PRESIDENT

November twenty-one  
1927

Dear Sir Arthur:

I have written to Mr. Stearns, the Headmaster of Phillips Academy at Andover, saying that I thought that you would be in a receptive frame of mind if you were to receive his official invitation to attend their celebration next spring. Unless he happens to be away on one of his periodical absences, you will hear from him, I think, within a few days.

I am delighted that you can probably go down there, for I shall be there and shall be happier if you are.

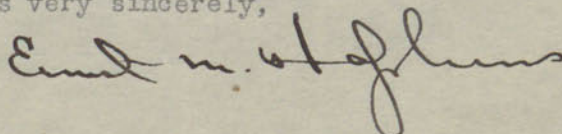

So far as the floods go, we at Hanover are most fortunately placed, in that the plain, on which the College is situated and the community dwells, is high above the River and surrounded by what amounts to a gigantic moat, so that it is difficult to imagine harm's coming to us.

We have seen much distress and misery of a physical sort, to say nothing of the financial loss, of many people very near at hand, however. An army truck driver, whose machine had temporarily broken down here the other day, and who was on the work of rushing supplies up into the Montpelier-Waterbury section, told me that he was with our army in France and was last spring on the Mississippi-flood relief work, but that he had never seen more complete devastation in any given area than in the Winooski River valley.

I thank you very much for your expression of interest and sympathy in regard to the whole matter. One of the compensations for a time like this is the way in which it brings out in very actual form the instincts of brotherhood and the really warm depth of mutual sympathy among neighboring individuals and neighboring peoples.

I am

Yours very sincerely,

THE PRESIDENT

November fifteen  
1927

Dear Sir Arthur:

Among well-laid plans which have been knocked into a cocked hat by the flood situation, I reckon of first importance my intention and desire to visit you. During the days that I had set aside for that purpose, however, it was an impossibility to get to Montreal from this neck of the woods.

Consequently, despite the fact that I had instructions from the Trustees of Phillips Academy at Andover to convey their cordial and urgent invitation to you in person, I am going to have to do it by letter.

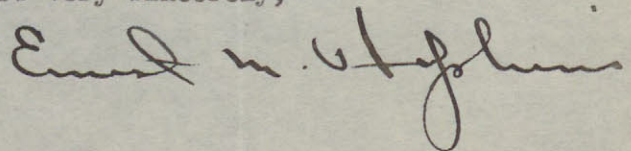

As I wrote you before, this event takes place on May 17 to 19, 1928.

I hope that I may assume from your cordial letter that you are not averse to considering the matter favorably. If this proves to be the fact, all of the Trustees, and no one more than myself, will be delighted to have you included in the group of distinguished delegates.

I had a fleeting glimpse and a few words with Mr. Beattie at White River Junction recently and I regret the fact that Fate has deprived me of seeing you personally for the present.

President E. M. Hopkins,  
Dartmouth College,  
Hanover, N. H.

Dear President Hopkins:-

I am sorry to learn by your letter of the 15th of November that you are not likely to come to Montreal in the near future. I hoped that I might have you for a week-end.

I shall be glad to do what you suggest would be appreciated by the Trustees of Phillips Academy at Andover. Please let me know more about the character of the function in order that I may conclude what would be the most appropriate thing to say.

All of us sympathize very much with the suffering of the people in the New England States caused by the recent floods. For the last couple of days here we have had terrific rains and I should not be surprised to hear of further great losses. The weather has cleared somewhat today and it is hoped the danger is past.

With kindest wishes, I am,

Yours faithfully,

May 3rd, 1928.

Dr. Alfred E. Stearnes,  
Chairman, Executive Committee,  
Phillips Academy,

Dear Dr. Stearnes:-

It is with very genuine regret that I am obliged to convey to you a message from Sir Arthur Currie to the effect that, after all, he will be unable to avail himself of your very kind invitation to attend the 150th Anniversary celebrations.

As you are doubtless aware, Sir Arthur has undergone a considerable strain owing to the legal action which he was advised to take on behalf of the Canadian Army Corps. While there was very little doubt in his mind, or in any one else's, that the issue would have a satisfactory outcome, nevertheless, the strain and worry which is inevitable under such conditions has left its temporary effect upon his health. As his medical adviser I have urged upon him to undertake no public duties for some weeks to come and as soon as possible to take a vacation.

With kind regards,

Very truly yours,

Acting Principal.

Dear President Hopkins:-

It is with very sincere regret that I write you to say that Sir Arthur Currie, after all, will be unable to participate in the functions at Phillips Academy. The strain of the recent trial, even though the outcome was never in doubt, has told a bit on his health and, as his medical adviser, I have urged him to undertake no official duties for some weeks. I am only hoping that he will consent to take a decent vacation.

I know that Sir Arthur was looking forward with a great deal of pleasure to meeting you and the Presidents of some of the other universities, but I was obliged to urge him very strongly to resist the temptation.

With every good wish for a very successful function and kindest personal regards, I am,

Very cordially yours,

I am very sorry, but, frankly, I do not see what I have to say. I know so very, very little about Andover, or the celebration or Dr. Stearns that anything from me would not be worth reading. I suppose I should be ashamed to confess such ignorance, but, nevertheless, it exists.

Cordially reciprocating your

act 3/1/28*

October 25, 1928

General Sir Arthur Currie, G.C.M.G.  
Principal of McGill University  
Montreal, Quebec

My dear Principal:

Permit me in my capacity as President of the Pilgrims Society to advise you informally that you will shortly receive from the Pilgrims of the United States an invitation to be their guest at a public dinner, to be given at the Hotel Waldorf Astoria in the city of New York, on the evening of Monday, December 10. It is greatly hoped that at this dinner you will consent to be a guest of honor.

This dinner is planned by the Pilgrims as a tribute to the Canadian Minister at Washington and to a group of representatives of the public life of

Canada, of which group it is greatly hoped that you will consent to be one.

The purpose of the dinner is to emphasize and applaud the long years of close and friendly association between the people of Canada and the people of the United States, and to point to their example of neighborliness as one which might well be followed by nations in other parts of the world.

As you will be advised in the formal invitation now in course of preparation, the Pilgrims will ask the privilege of having you as their guest from the time of your leaving your home in Canada until your return. Arrangements are making to provide entertainment for the guests of honor at the Hotel Waldorf Astoria so that on the evening of the dinner, no matter what the weather

may be, it will not be necessary for any guest to leave the Hotel at which he is stopping.

It will be a great personal satisfaction to me, as I know it will be to Mr. Massey, to learn that your arrangements will permit you to be the guest of the Pilgrims on the important occasion of which I am now advising you.

With high regard and cordial greeting, I am,

Faithfully yours,

Dear Sir Arthur Currie:-

The fruit growers are planning for their Annual Meeting to be held in the Queen's Hotel January the 11th. and 12th..

We would like, if possible, to have you attend our luncheon on the Thursday at noon and address our fruit growers, as Macdonald College, the Faculty of Agriculture, has made a very large contribution to the development and progress of fruit growing here in the Province of Quebec.

We feel that the Quebec fruit growers have made a greater progress possibly than many hoped for in the proper cultural practices and especially in the packing and marketing of their fruit in the past eight years. We now see on the Fruit Terminal here in Montreal a very large part of the boxed McIntosh and Fameuse and the very highest quality fruit from packing plants here in the Province.

We are planning to have Dr. Baril from Ste-Justine Hospital address us on the curative value of apples which they are working with at the Hospital, and would like, if it can be arranged at all, to have you give us ten or fifteen minutes as the Principal of the University and one who is interested in this work here in the Province of Quebec.

Trusting that you will see your way clear to arrange for this engagement, and wishing you a very Merry Christmas and Happy New Year,

Yours sincerely,

Dear Sir Arthur Currie:-

Your letter of acceptance is deeply appreciated and we feel highly honoured. We will try to begin the luncheon promptly at 12:15 and will be pleased to have you arrive at twelve o'clock in order that you may meet the leaders of this fruit work in Quebec.

This year we have a French speaking President, and therefore, we give that section the leadership. We try to maintain an even balance between the two sections and boast that this is the most successful bilingual Society in our Province. Mr. Desmarais has a fine orchard at the base of Mount Johnson, just seven miles from Iberville and has made a real contribution to the development of the industry in Quebec and to the spirit of fellowship between the members of both races.

Again thanking you on behalf of the Society, and assuring you that we are looking forward to your address,

Yours sincerely,

## THE POETRY PREMIUMS COMMITTEE

Convener : Mrs. W. HUNT BARTLETT

(Editor, American Section, The Poetry Review)

299 PARK AVENUE, NEW YORK, U.S.A.

Sir Arthur Currie  
McGill University  
Montreal, Can.

September 24, 1929.

Dear Sir Arthur:

Next year will see the 2000th birthday of the great Roman poet, Virgil, the immortal author of the Eclogues, Aeneids and the Georgics.

The fact that twenty centuries have retained him as one of the few representative poets, and that during these two thousand years his writings have been an inspiration to poets, statesmen, lawyers, soldiers and other leaders of human endeavor, and that Dante selected him as his guide in his Divina Commedia, and Lord Tennyson, among others, considered him a foremost poet of the ages, make it unnecessary to dwell on his merits, to justify the advisability of celebrating Virgil's 2000th birthday.

The Committee of which the writer is Chairman will formulate the plans for the celebration in the United States and will cooperate with similar committees in other countries to make the celebration of Virgil's birthday a world-wide event.

May we have the pleasure of adding your name to our National Advisory Committee? It does not involve any obligations whatsoever, but will insure representation for your State in this distinguishing world-wide event.

At your convenience, hereafter, will you also appoint three members of your Faculty, men or women, to act on the State Committee, to suggest or formulate plans for your State's participation in the Celebration? Upon receipt of their names and addresses we shall communicate with them direct, thereby relieving you of further considerations of the subject.

Assuring you that it will be a pleasure to welcome you as a member of the National Advisory Committee and your appointees as members of the State Committee, and with expressions of highest consideration, I am,

Sincerely yours,

Chairman of Committee for the Celebration  
of Virgil's 2000th Birthday.

New York City.

Dear Madam:-

Let me acknowledge receipt of your letter of September 24th, in which you do me the honour of asking me to be one of the National Advisory Committee which will have to do with the formulation of plans to celebrate in a suitable manner the 2000th birthday of the poet Virgil.

While fully appreciative of the object of your Committee's endeavour I feel that my lack of classical scholarship should preclude me from serving on such a Committee, and so I must respectfully and regretfully decline your invitation.

I gladly nominate the following three members of the Faculty of McGill College of McGill University, who are suitable to serve on the said Committee:-

Dr. W. D. Woodhead  
Prof. Carleton Stanley  
Prof. C. H. Carruthers.

Dear Sir Arthur,

The Association of Protestant Women Teachers of Montreal are very anxious to have you address their Autumn meeting, which is to be held in the Assembly Hall of the High School of Montreal, 3449 University St., on Thursday afternoon, October 22nd, 1931, at five o'clock. The address at this meeting usually occupies forty minutes. We feel that after your recent visit to India, a talk on New Delhi - or some kindred topic - would be particularly appropriate and enlightening, but we shall gladly leave the choice of subject to you.

We would be very glad if you could see your way clear to concede to our request.

Dear General:

The curling match for the Price Cup will be held in New York City in Lincoln's Birthday, Saturday, February 12th. I am therefore extending to you and about twenty-five other gentlemen this invitation, and sincerely hope that you and they will come down to New York for the occasion.

I have secured a rink for the playing of the match on the morning of the 12th, and, if you will join me at the Union League Club (corner of 39th Street and Fifth Avenue) for breakfast at 8.45, we will go directly from the Club to the rink, so wear your gumshoes and your overcoat.

On that evening I hope to have you as my guest at a dinner to be given at the Union Club, the exact hour of which we will fix on the day of the curling match.

It is my hope that I may hear from you to the effect that I may count upon your presence with us at what I hope will be a renewal of some of the pleasant experiences that we have had heretofore, and, with my best wishes, I remain,

Yours most sincerely,

*Walter W. Price*

Dear Mr. Price:-

Thank you very much for your letter of the 19th of January with its kind invitation to go to New York at the time of the curling competition.

The temptation is very great, but I have already refused an invitation to be in New York on the anniversary of Lincoln's birthday. I regret very much that it is not possible for me to be with you.

Dear Mr. Silber:-

Upon my return from a short Christmas vacation I found awaiting me your letter of December 23rd, in which you asked me to contribute a brief article to the Daily Princetonian commenting upon the career of Dean Andrew Fleming West.

Although I have the honour of his acquaintance, having met him once when he visited Montreal and again when I attended the Commencement Exercises of Princeton in June 1923, I feel that my knowledge of him is so second-hand that it would be almost an impertinence for me to say anything. I feel very much flattered in having been asked by you for the comment, but I also feel it would not be fair to you nor to Dean West if I were to comply with your request. There are thousands of Princeton men who have a much greater right to comment than myself.

Dear Sir Arthur,

As part of the programme for the celebration of the Diamond Jubilee of Confederation, the Protestant Board of School Commissioners plans to have short addresses delivered in all the High and Elementary Schools at the Closing Exercises which take place this year on Wednesday morning, the 29th instant, and I am requested by the Commissioners to say that they would be most pleased if you could find it possible, and would consent, to be the speaker at one of the schools on that occasion.

The Exercises usually take the form of a programme of songs and recitations and the announcement of prizes and honours. They occupy about an hour and a half of time, usually beginning at ten o'clock in the morning. Principals will this year be asked to arrange their programmes so as to allow about fifteen minutes for these patriotic addresses to the pupils.

The Commissioners realize that they are asking a good deal of one so busy as yourself but they hope that you will find it possible to give a favourable reply to their invitation.

Yours truly,

Dear Mr. Logan:-

Let me acknowledge receipt of your letter of yesterday asking me if I will give a short address at one of the schools at the Closing Exercises, to be held on Wednesday morning, June 29th.

I shall be very glad to do so if I am here, but it is more than likely that I shall not be in the city on that date. I am unable to state at the present moment just what my arrangements will be.- There is a possibility that I shall go to Honolulu to attend a meeting of the Institute of Pacific Relations in July. If so, I must leave here before the 29th.

Sir,-

In November of last year Mr. E. W. Beatty and Mr. S. C. Norsworthy spoke to you in reference to honoring the Ridley College Old Boys as our Guest Speaker at our annual dinner, and it was with great regret that we learned that you were unable to accept our invitation.

This year I again have the honor of extending to you this same invitation.

The Dinner this year is to be held at the Royal York Hotel in Toronto, on Saturday evening, December 3rd, and it would give us a great deal of pleasure to have you with us on this occasion.

I am taking the liberty of writing to you direct as Mr. Beatty and Mr. Norsworthy may be out of town, and I wish the invitation to reach you without delay.

October 24th, 1932.

Dear Sir Arthur:

I have received a letter from the Ridley Old Boys' Association asking me to support the invitation they have extended to you to speak at their annual dinner at the Royal York Hotel on December 3rd next.

You will recall that you were invited to speak at their last year's function and you intimated that if the invitation were repeated to you this year you would be strongly inclined to accept. I have spoken at this dinner and it is fairly representative of the graduates of our so-called Private Schools. Ridley ranks among the best of them and I feel sure you would be able to say things which would be of tremendous value to the administrators of the School, as well as to the Graduates Society. Doctor Cody has been a frequent speaker and I imagine the contact between the Toronto University and the Ontario private schools is something the former thinks should be continuously maintained.

Yours sincerely,

Dear Mr. Harcourt,

Let me thank you for your letter of the 20th October, in which you say that the Ridley College Old Boys have honoured me with an invitation to be their Guest Speaker at the Annual Dinner to be held at the Royal York Hotel in Toronto, on Saturday evening, December the third.

I shall be very happy to have an opportunity of spending an evening with the Ridley College graduates.

Ever yours faithfully,

Dear Sir: -

The Directors of the Boys' Home of Montreal and the members of the Rotary Club of Montreal desire to have your moral support in connection with a Campaign which is being organized in the interest of the "Boys' Home" and invite you to allow your name to be included in the Honorary Campaign Committee now being formed of which Mr. E.W. Beatty, K.C., will be Chairman.

The attached letter addressed to Mr. Beatty and his reply explain the situation.

A favorable answer at your early convenience will be very greatly appreciated by those who are undertaking this Campaign. Please address your reply to Rotary Club of Montreal, Windsor Hotel, Montreal.

Yours sincerely,

E.W. Beatty, Esq., K.C.,  
President,  
Canadian Pacific Railway Company,  
Montreal.

Dear Mr. Beatty:-

The Boys' Home of Montreal, which has since the year 1870 been providing a home, education and experienced supervision for a number of boys of all denominations who might otherwise be homeless, is now so seriously overcrowded that unless new accommodation is provided their present work cannot be satisfactorily continued and they cannot grow at all with the rapidly growing City of Montreal. In addition, the district surrounding the present home has become very undesirable for boys.

In the year 1920, the Rotary Club of Montreal organized a Campaign, raised \$28,000, got the Boys' Home entirely out of debt, made an adjustment of an amount which had been owing by the Boys' Farm, Shawbridge, to the Boys' Home of Montreal, and since that time has taken a very active interest in the work being done by the Home. A majority of the Directors of the Boys' Home for several years past have been members of our Club. The Home is carefully managed, is a member of Financial Federation, and is entirely free of debt.

The Rotary Club has again been appealed to and has been asked to take a very active part in a Campaign to raise \$250,000 for the purpose of acquiring a new site and erecting a new home to greatly improve and increase their accommodation in order that the Boys' Home of Montreal may no longer find it necessary to keep a large number of boys in overcrowded conditions in a building which is not fire-proof and under conditions which necessitate the Home refusing admission to many other boys who need its accommodation, educational facilities and trained leadership.

After full consideration and a very careful investigation into the needs and the general plans of the Campaign and the plans and costs of the new building, and after obtaining the hearty approval of the Budget Committee of Financial Federation, the Rotary Club of Montreal has agreed to do its part provided a group of representative citizens will lend their moral co-operation and the value of the backing obtained by the use of their names in honorary capacities. It is, of course, hoped that many of such citizens will subscribe personally to the Campaign.

E.W. Beatty, Esq., K.C.,

(2)

31st May, 1928.

A new site has been selected in Weredale Park, Westmount, adjoining the corner of Atwater Avenue and Dorchester Street, where nearly 60,000 feet of land has been purchased at \$50,000. A building to give suitable accommodation for approximately 200 boys and the necessary rooms for the activities in connection with the Home is to be erected at a cost of approximately \$200,000, which is \$1,000 per boy. The sale of the present property belonging to the Home, which property is free of encumbrance, will provide for miscellaneous extras, furnishings and equipment. The Budget Committee of Financial Federation have agreed to recommend the increased budget required to maintain the larger number of boys. The maintenance cost per boy should be less in the new building than it is at present.

The Campaign will be conducted in a thoroughly dignified and well organized manner. It may be possible to fully complete it in a quiet way during the summer months.

We enclose a sheet which shows the organization which we desire to set up, a few of whom have already been approached and have agreed to act. We believe that an organization of such a nature would command a favorable hearing and greatly help those who will do the real work of collecting.

We feel we can assure you that you would be assisting in a very worthy cause where the need is urgent and that everything would be carried out in such a manner that you and your friends would feel gratified in having been associated with the Campaign and its result.

May we ask you to give us a favorable answer to this request?

Yours sincerely,

Irving P. Rexford,  
President, Rotary Club of Montreal.

Dear Sir Arthur Currie:

I enclose herewith letter from the Rev. W. R. Hibbard, Head Master, Rothesay Collegiate School, asking you to deliver an address at their closing on June 20th. I was sorry yesterday to hear that your other engagements did not permit you to accept Mr. Hibbard's invitation, but I should appreciate it immensely if you would acknowledge his letter direct to him, and hope that next year your engagements may permit perhaps of your attending the school closing.

Yours faithfully,

Dear Sir;

*Special*  
Knowing your interest in education generally and your interest in the training of Canadian youths, I am venturing, at the request of our Board of Governors, to invite you to be present and to give the address at the celebration of the fiftieth anniversary since the foundation of the School. This function will take place on the afternoon of Monday, June 20th.

I may add that the School has had a very useful and honourable record. Our Old Boys are to be found all over Canada many of them occupying prominent positions. We have had a large number of our graduates go on to McGill where many of them have done exceptionally well. This your records will show. We should consider it a great honour should it be possible for you to be here on this occasion.

Yours faithfully

Dear Mr. Pitfield:-

I have your letter of the  
20th and to-day have written to the Rev. W. R.  
Hibbard acknowledging his kindness and expressing  
my regret.

Yours faithfully,

My dear Reverend Hibbard:-

Mr. Ward Pitfield has forwarded me your letter of May 18th in which you are kind enough to ask me to give an address at the celebration of the Fiftieth Anniversary of Rothsay Collegiate School on Monday, June 20th.

Let me say that I appreciate the honour of this invitation very much indeed for I have some knowledge of the splendid record of the school. I am sorry it will not be possible for me to go as on that day I have a very important meeting of the Board of Governors of the University - in fact the most important meeting of the year. I am leaving a few days later for Honolulu to attend a meeting of the Institute of Pacific Relations, and there is no way in which I can arrange plans to permit me to go to Rothsay on the date mentioned.

With all good wishes for the continued success of the school, I am,

Yours faithfully,

Principal.

Dear Sir Arthur:-

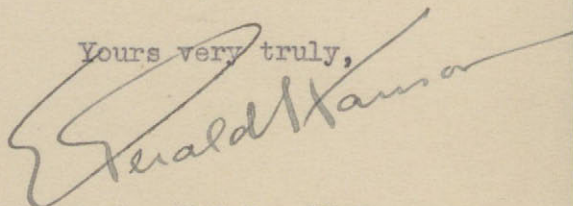

Forbes Hale and some of the members of the Committee of the Montreal Branch of The Royal Military College Club asked me to find out whether you would be good enough to attend their Annual Dinner this year as their guest of honor.

The Montreal Branch have for several years held this Dinner and have always made a point of having one guest who is interested in one way or another in the College, and knowing your connection as a member of the Board of Visitors from time to time, they felt that they would like very much to have you this year.

Their present plans are to hold the Dinner either on Saturday, April the 16th, or the 23rd, preferably the former date, and with your permission I will give you a call on the telephone sometime tomorrow and discuss this with you.

With kindest regards, I am,

Yours very truly,

My dear Colonel,

I am this morning in receipt of your letter of the 16th, in which you have done me the honour of asking me to be the guest of the Montreal Branch of the Royal Military College Club in Montreal on the occasion of their Annual Dinner in April. This spring happens to be an unusually busy season, and I have some time ago promised myself that I cannot accept any additional engagements until after the end of June.

Will you please say to your Committee that I appreciate the honour and that I yield to none in my respect for the Royal Military College and its graduates. I regret that I cannot accept your kind invitation.

My dear Sir Arthur:

We are making arrangements for our Annual Prize Day at St. Andrew's College. The event usually takes place towards the end of October.

I should like very much to have you present as the distinguished visitor of the day, and am wondering if it is at all possible for you to come. Somewhere about the 19th of October would be convenient for us, and I can make the date approximately that time to suit your convenience.

Mrs. Macdonald and I would be delighted if you and Lady Currie could stay with us. If you prefer to stay in Toronto, it can be arranged and I can place a car at your disposal.

We really want you to pay us a visit at St. Andrew's College. It would be a good thing for ourselves and for McGill.

With kind regards,  
Yours faithfully,

My dear Dr. Macdonald,

It is very kind of you to suggest that I attend the Annual Prize Day at St. Andrew's College, an event which usually takes place towards the end of October. Some time I want to go to St. Andrew's, about which I have heard so much. I want to go to see this excellent school you have created; I want to go to see you and to see the boys, among whom are bound to be some future McGill men. However, I can't go this year. I have made all the engagements for October that I can possibly manage. Perhaps some other time you will let me visit you.

I was very sorry for poor Cody, who has had a little more than his share of bereavement.

With all kind wishes to you,

Dear Sir Arthur:

On behalf of the Directors of this Society, I have pleasure in extending to you and Lady Currie an invitation to join us in our celebrations in connection with the Festival of St. George on Wednesday, April 23rd, in the Windsor Hotel, at 7:00 P.M.

Our celebration takes the form of a Banquet and Ball, which is largely attended by a very representative body of English citizens.

As I have shortly to complete my arrangements for the Head Table, I shall be glad to hear from you at your earliest as to whether you can accept our invitation to be with us on this occasion.

Dear Sir Arthur;

On every 17th of March one of the outstanding functions in the City of Toronto is the Annual Irish Night of The St. Patrick Chapter, R.A.M. It is always our endeavour to get an outstanding speaker to address us and the Executive of our Chapter have been unanimous this year in extending an invitation to you to be our guest and speaker on this important occasion.

The St. Patrick Chapter is the largest Masonic body of this nature in the British Empire, and one of the most outstanding and influential chapters. Our Patron is His Grace the Duke of Abercorn and our active membership includes the names of such outstanding personages in the British Empire as His Royal Highness the Duke of Connaught, the Earl of Carnarvon Justice Riddell of Toronto and hundreds of the leaders in Canada's professional, industrial and social life.

The event to which we refer will be held in the auditorium of the Masonic Temple, Toronto, which will accommodate approximately one thousand persons, and the attendance will be by invitation confined not only to the leaders in the Masonic life of Canada, but to outstanding men in the City of Toronto.

We appreciate that in the important position you occupy in the life of Canada, your time is not only most valuable but that it is well taken up, but we sincerely trust that you may see your way clear to accept our invitation and we can assure you that not only the Masonic fraternity but the citizens of Toronto in general will appreciate to the greatest extent the sacrifice you might make in time in being with us on this important occasion.

Respectfully yours,

Dear Sir Arthur:-

You are no doubt well informed regarding the extensive work of the Social Service Council of Canada, in its effective methods of dealing with matters that come within the scope of its activities, more particularly in regard to research, education and legislation, looking to the greater good of the whole community, especially in these troublous times.

In addition to many other services being rendered, we are now extending the work of this organization in a great hand-clasp of friendship and fellowship across Canada, working through the churches and local welfare agencies, in an effort to encourage and strengthen the spirit of those in distress, many of whom are not asking for or receiving public or other relief.

Appreciating your personal interest and deep concern in matters of social welfare and the importance of strengthening the moral stamina of our people, may we request that you prepare and send to us a signed statement of about one hundred words, relative to your appreciation of the great value of social welfare work, such as this Council is conducting. We are making a similar request of a number of the prominent citizens of the country, so that a strong and challenging endorsement of the past and present endeavours of this Dominion-wide organization may be given in dignified printed form.

We shall be very happy to receive your reply at an early date as we are anxious to have our folder under way at once. In appreciation of the honour we trust you will confer upon us in this matter, we thank you sincerely.

Yours cordially,

Dear General Currie:

Learning that you are to be with the Chicago Sunday Evening Club on February 17th, I am writing in behalf of the Mid-day Luncheon Club to renew our invitation to you to visit the historic city of Springfield as our guest. We would be happy to arrange for your coming on Saturday, February 16th; or on Monday, February 18th.

The Mid-day Luncheon Club is composed of a body of nearly twelve hundred of the leading men of this city and central Illinois, including state and city officials.

We would like to arrange either a noon luncheon or an evening dinner in your honor, with a large gathering of our people participating.

As mentioned before, I am sure you would enjoy visiting Springfield because of the fact that this is the home and last resting place of the martyred President Abraham Lincoln and, thus, is one of the great centers of inspiration of our country. The honor of your presence at the great American shrine of Lincoln would be deeply appreciated by our people. We would be pleased to arrange in your honor a pilgrimage to the tomb and the home of Lincoln.

Springfield is but a few hours' journey from Chicago. You could leave there, via the Chicago & Alton railroad at 11:30, taking the sleeper, and reach here

Dear Sir:-

I beg to acknowledge receipt of your letter of September 5th addressed to Sir Arthur Currie, in which you were good enough to renew the invitation of the Mid-Day Luncheon Club to visit your historic city, as the guest of the Club.

Sir Arthur left for Europe to take a much needed rest last June and we do not expect him to return to Montreal until the end of October. It depends entirely on the state of his health whether or not he will be able to fulfill engagements already made and new ones are extremely doubtful. On more than one occasion I have heard Sir Arthur say with what pleasant anticipation he looked forward to visiting your city and I am sure he will be glad to accept your kind invitation if it is at all possible. I am afraid you will have to wait until his return for a definite answer as we are forwarding no mail to him.

Yours faithfully,

It was a great pleasure to have seen you the other day and I greatly appreciate the fact that you gave me so much of your time.

I hesitate to ask you to go against your physician's instructions in coming to us for our Diamond Jubilee. If it were not for the fact that I do not believe it will be a very heavy strain on you I would not press the point.

There are many reasons why I would like to have you come.

There is a personal reason in the first place. I have always prized your friendship and for this reason I am very anxious to have you take a prominent part in the first large public function I will be connected with at Staunstead. Then there is the long and close relationship between Staunstead and McGill that should be recognized. In recent years Queens has made great inroads in this school.

Then again I know that whatever you may say will have a practical and helpful effect on your hearers.

The reunion will begin Friday afternoon Sept 30 and end Sunday afternoon, Oct 2nd. The banquet at which you would speak will be

Principal Stanstead Wesleyan College,  
Stanstead, P.Q.

My dear Mr. Amaron,

I am very sorry to have to tell you that I must deny myself the privilege of attending the Diamond Jubilee of Stanstead Wesleyan College. You will appreciate the reason. It would have been a great pleasure to me personally to be present on the occasion of the first large Convention at Stanstead under your Principalship. We have known each other for many long years now, from the days of the War, through your seven years study at McGill, and since then in the several responsible positions you have held. There is no need for me to tell you the high regard and warm affection I have for you personally.

In the second place, the relations between McGill University and Stanstead College have been of a long and intimate character. Some of our most famous graduates received their preliminary training there. The record of your College is a high and honourable one, and the hearts of your students must thrill with

pride when they look back on fifty years of fine tradition. I hope our Association will grow closer as the years go by. The facilities which McGill can offer to your graduate students are better today than ever before. Finally, I look back with considerable pleasure to the visit I paid to Stanstead College some few years ago. Perhaps on another occasion you will let me come to see you. Professor Clarke, Chairman of the Department of Education, will represent McGill at your Banquet to-morrow night and will convey personally the best wishes of this University and myself.

With kindest personal regards,

I am,

Ever yours faithfully,

My dear Sir Arthur:

I was very sorry indeed that you could not be present at our Diamond Jubilee Reunion, though I quite understand how difficult it would be for you to get away at the beginning of a College year.

I very much appreciate your letter of September 30th and the friendly thoughts which it contained. I hope that on some other occasion you may feel free to come down and pay us a visit. We greatly appreciate the contribution which Prof. Clarke made to the Reunion.

With kindest regards, I am,

Dear Sir Arthur;-

I wrote to you a few days ago asking you to be good enough to confirm what transpired in our recent conversation, namely that you would be good enough to be the guest speaker at the Banquet at Stanstead on Saturday night Sep, 1st, in connection with the Diamond Jubilee of Stanstead College.

I was in Montreal the other day and called your office but was told that both you and your secretary were away.

I am sorry to trouble you about this matter but I want to be absolutely certain that you are coming before I send out any publicity or notices.

A man sometimes misunderstands another in a conversation especially when he thinks he has heard what he wants to hear. I would not want to announce your name then find out that I had made a mistake.

We are getting things ready for the opening of school on Sept. 7th but our registrations are not coming in very fast.

I am meeting the local boards tonight to make sure that no local student need stay out of school this winter because of lack of funds.

Looking forward to receiving your favourable reply, I am

Yours very sincerely,

My dear Mr. Amaron,

I have your letter of August 16th.

I am afraid I was rather rash the other day in promising to attend your Diamond Jubilee Celebration on October 1st. I did not realize it would be a hard-and-fast obligation and that advance publicity would be involved.

At the opening of the University year there are so many calls upon me that I fear if I promised to come I might have to break my word and disappoint you. Already I have university engagements for several of the first days of October. Then Founder's Day follows closely, and always it is an extremely busy week, in fact one of the busiest in the whole year.

It would be best to leave my name out of the publicity and then if I can possibly come I will do so.

Ever yours faithfully,

Principal.

Dear Sir Arthur Currie,

We propose holding our Commencement Exercises on Friday, October 30th, or Friday, November 6th, and I am very anxious to have you with us as our guest speaker. I know that this is rather trespassing on your kindness and on your time which I know is very much called on, but I thought you would not mind an engagement of this nature when the community would be so happy to hear you. We have been very fortunate in the past in having outstanding men in this capacity, among others Sir Henry Thornton, Mr. E. W. Beatty, Hon. A. R. McMaster, Dr. G. W. Parmelee, etc. I do hope that you will be able to give me a favourable reply. I feel very much like asking this more as a personal favour than as an official favour.

The guest speaker occupies about twenty minutes to half an hour, and his address is mainly directed towards the members of the matriculation class. There will be close to ninety in the class this year and the larger percentage of these are now in attendance at McGill University or affiliated colleges. We are generally fortunate in having a very representative gathering on the platform, and a large audience of parents and friends. I sincerely trust you will find yourself clear to accept on one or other of the above dates, or another date you might suggest if it would be more convenient.

Yours sincerely,

My dear Principal,

I appreciate the honour of being asked to speak on the occasion of your commencement exercises either on Friday October 30 or on Friday November 6.

It so happens that this is an unusually busy autumn, and with engagements already made, the McGill Reunion, and the opening of the University, I cannot undertake anything more. I must ask you to let me off this year.

Dear Sir Arthur Currie :

The Graduates and Alumni of Trinity College are gathering for a Reunion in the first week in June. The principal event on the programme is a Dinner to be given at the Royal Canadian Yacht Club on Toronto Island on the evening of Thursday, June the Fifth.

It will give us all very great pleasure if you can be present at this Dinner and deliver an Address. We usually ask the chief Speaker to propose the Toast to the College. The Graduating Class are present as guests of the Graduate Body of the College.

We shall appreciate the honour of your presence very greatly if it is possible for you to come. I shall be so glad to make arrangements for you to stay at the York Club.

With kind regards,

Believe me,

Sincerely yours

March 31st, 1930.

Dear Provost and Vice-Chancellor,

Let me at once say that I feel highly honoured in being asked to address the graduates and alumni of Trinity College on the occasion of their reunion during the first week in June.

I still have to save myself, and so I never accept an invitation to speak that I can avoid. There are many University demands, of course; and again, the soldiers' organizations insist at times. I am therefore going to ask you not to expect me. Your reunion occurs at a peculiarly busy time. The Universities Conference takes place, and the closing exercises of our own University about the same time, and I must avoid the further fatigue that would be occasioned by an address to such an important body.

Perhaps on some future occasion you will let me come.

With all kind wishes,

I am,

Ever yours faithfully,

Sir Arthur Currie, G.C.M.G., K.C.B., LL.D.,  
McGill University,  
Montreal, P.Q.,

Dear Sir Arthur:-

You will recall that I was in correspondence with you and your Secretary on and following July 14th, 1926 with a view to arranging to have you visit the Young Men's Canadian Club of Toronto and address the members upon some subject that you might select for the occasion. I was advised that your engagements did not permit your coming to our opening meeting and I was to submit certain dates for your consideration when the schedule of meetings for the season was arranged.

On further consideration the Committee responsible for arranging speakers felt that as it was not possible for you to come for the opening meeting, it would be desirable to have you come at a time when the Club would reach its fullest development during the season which might be expected to be in the months of March and April.

With this in view might I renew the invitation already extended to you and submit for your consideration the following dates:- namely,

March Seventh, 1927

March 24th, 1927

April Fourth, 1927

all of which fall on a Monday.

The Club will be greatly honoured by a visit from you on any one of the dates just mentioned.

As set out in previous correspondence the Club, following its practice with out-of-town guests will be pleased to defray the expenses of your visit.

January 28th, 1927.

Dear Mr. Hepburn:-

Let me acknowledge receipt of  
your letter of January 26th.

It will give me great pleasure  
to speak to the members of the Young Men's Canadian  
Club on the evening of March 7th. I note that the  
dinner will commence at 6.15 P.M. I am sorry I  
cannot promise to speak for forty-five minutes, being  
a firm believer in the old saying that "not many souls  
are saved after the first twenty minutes". Later on  
I shall let you have the title of my address.

Yours faithfully,

Principal.

Dear Sir Arthur:

The writer was indeed very pleased to receive your consent over the telephone on Monday to address the Young Men's Canadian Club of Montreal early in March.

The first dinner meeting in March will be held on Monday evening, March 7th, and it is my understanding as a result of our telephone conversation, that this date will meet with your approval.

As mentioned in our letter to you of October 12th last, our dinner meetings, which are held in the Ballroom of the Queen's Hotel, and which are of an informal nature, commence at 6.15 p.m., and are supposed to be over by 8 p.m.

As the dinner itself usually requires about 45 minutes of the time, the address is, as a rule, limited to about 45 minutes or slightly more.

I would greatly appreciate it if you would kindly confirm the above arrangement.

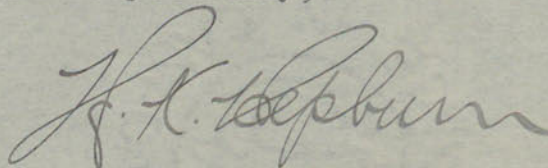

I would also appreciate your advising me in due course as to how you would like the title of your address worded on the press and membership notices.

Jan.26th 1927.

Also, if there are two or three friends whom you would like to have present as Head Table guests on the occasion of your visit to us we shall be very pleased indeed to send them invitations upon receipt from you of their names and addresses.

Thanking you very much indeed for your kindness in consenting to come to us and hoping to hear from you at your early convenience, I remain,

Yours respectfully,

Gen. Sir Arthur William Currie,  
McGill University,

Dear Sir:

It was my good fortune to hear your capital speech at the alumni exercises on Commencement Day at Harvard University last June after my alma mater had conferred upon you her highest academic honor. Your spirited allusions to the quality of the United Empire Loyalists who migrated from the revolting colonies to Canada during the American Revolution have set me to thinking that it would be eminently proper and quite delightful to further and elaborate upon your thought in some conspicuous way at one of the two principal celebrations to be held in Vermont this coming summer in commemoration of events of the American Revolution and the founding of the Republic of Vermont. To me, as one of the several Vice Presidents of the Vermont State Sesqui-Centennial Commission, have fallen the duty and responsibility of becoming the chairman and taking charge of the celebration at Windsor, Vermont, on July 8, on the occasion of the one hundred and fiftieth anniversary of the establishment of the Constitution and government of the State of Vermont at that place. I want you to come to Windsor for that anniversary and be my guest and make a speech.

You perhaps are somewhat familiar with the singular history of the region now called Vermont but known during the early part of the American Revolution as the New Hampshire Grants. The settlers in that region participated in lively fashion in the early engagements of the War in their neighborhood. Vermont soldiers fought on both sides in the Battle of Bennington. The corps known as the Queen's Loyal Rangers was largely recruited by Lieutenant Colonel John Peters of Bradford among the settlements on the New Hampshire Grants. Vermont did not compose one of the original thirteen revolting colonies, was never admitted to the Confederation and had to fight its own way for independent existence while New York and sometimes New Hampshire, first as Crown Provinces and afterwards as States, claimed jurisdiction over it. Vermont's weak political situation and the fact that it was exposed to British invasion from the north, while unprotected by Continentals or the troops of other states, led some of the Vermont leaders to resort to years of negotiation with the British military authorities in Canada in the endeavor so to preserve the status of Vermont that, whatever the outcome of the War of the American Revolution, Vermont might have a government of its own, either as one of the United States or as a separate British Province. The Dominion Archives at Ottawa contain much with regard to this interesting chapter of American History.

On July 8, 1777, at Windsor, and in a house which is still preserved, the delegates from the settlements on the New Hampshire

Gen. Sir Arthur William Currie.

January 20, 1927.

Grants, west of the Connecticut River, established their Constitution. This was the first constitution on the American continent definitely to prohibit human slavery. The late Lord Bryce remarked to me once at Windsor that this fact was the proudest sort of heritage for the town. With his statement I think you will agree. I hope you will also agree with the soundness of my statement when I say that it would be peculiarly fine in the interest of international friendship to have as one of the main speakers on this picturesque anniversary occasion a Canadian soldier of your distinction and of your attainments and standing. I recall how happy were the surviving soldiers of our Southern Confederacy when, years after our Civil War, Mr. Charles Francis Adams, a Massachusetts veteran of that War, came to Richmond, Virginia, to deliver the principal address in memory of Gen. Robert E. Lee. It was the happiest thought to invite Mr. Adams for that occasion. He acquitted himself well, won the grateful appreciation of many former southern soldiers and thereby made a real contribution to good-will between the South and the North. You see I have a fairly good precedent for my idea in proposing that you should speak at Windsor. We understand that President Coolidge will endeavor to be at Bennington to make an address on the anniversary of the battle. If we can also have your acceptance for Windsor our joy will be great.

Windsor is a country village, attractive in itself, wonderfully beautiful in its surroundings. Of course, my attachment for the region is very great because I was born there and my family was settled there long ago. But I do not exaggerate the charm of the landscape in that locality with its wonderful verdure and its variety in hills, valleys, forests and streams. On the Cornish Hills to the east of Windsor Village with a view that looks across the Connecticut Valley to the Vermont Mountains, Augustus Saint Gaudens, the great sculptor, made his home and there did his greatest work. Many artists have followed his example in making their homes in that beautiful region. Maxfield Parrish, the painter, and Herbert Adams, the sculptor, are among the notable artists still living there and getting there their inspiration for their work. It has been the home of men of distinction in the history of the country. It abounds in choice traditions.

Won't you think favorably of coming down for the occasion I speak of? My committee is enthusiastically supporting this invitation. The trip is but a short one from Montreal. Every sort of welcome that I can think of will be provided for you and such members of your family as would like to come. In the meantime I should be happy to give you any further information you wish and would gladly go to Montreal to confer with you should that serve your convenience.

Trusting that I may hear from you favorably, I am, with great respect,

Yours very truly,

Dear Sir:-

I much appreciate your invitation contained in your letter of the 20th instant. I assure you that had it been possible for me to do so, it would have given me great pleasure to accept.

I know something of the remarkable history of Vermont, of the difficulties under which your state suffered in its early days and I think that there are many lessons to be gained from the courage and persistence of its pioneers.

It is unfortunate that I cannot be in Windsor at the time you mention. I am expecting to go to England and have even made a secondary engagement to attend a celebration at Owen Sound, in case my trip to England is cancelled. I have no option therefore but to say that it is impossible for me to accept your very flattering invitation.

is the third year in succession that the many  
McGill men of this section have urged this  
strong effort be made to have you as our

Dear Reverend Day:-

I am very sorry that it will not be possible for me to attend your State Conference in May of this year. It is extremely difficult, indeed almost impossible for me to leave the University at that time which is just about the end of our academic year and always finds me very much engaged.

I appreciate very much the honour which you do me in suggesting that I should address you and it is with regret that I am obliged to decline.
