~~March~~

wo. note January"

Dear Mr. Registrar,

As in morals an obligation to control carries with it an obligation to defend, I hereby ask the College to take steps, 1) to have my name removed from the objectionable advertisement to which they have called my attention; and 2) to demand from the publishers an apology to the College and to myself for the work, of the existence of which I was not aware until the receipt of your letter of March the 4th.

Sincerely yours,

WM OSLER
