

To Dr. Flick from Dr. Jacobs

Baltimore,  
May 12, 1904.

My dear Dr. Flick:

I am enclosing you a suggested list from which to choose the new Association for the Study and Prevention of Tuberculosis. Will you kindly look it over, and add any names which seem desirable, from which twenty-five (25) names can be selected.

I am also sending you a copy of the Constitution and By-laws as was determined upon at the meeting at Dr. Biggs's. Please correct or make additions to this if you see any mistakes.

Very sincerely yours,

Henry Barton Jacobs,  
Secretary.

Would it not simplify matters at the meeting in Atlantic City if the Committee presented a printed ballot of twenty-five (25) names for Directors?
