To: Dr. Flick from Governor Stone.

Commonwealth of Pennsylvania.
Executive Chamber,
Harrisburg,
Apr. 25, 1902.

Dear Sir:

Having been requested by the Secretary of the American Congress of Tuberculosis to name delegates to represent the State of Pennsylvania at the meeting to be held in New York City May 14th, 15th and 16th, I take pleasure in sending you, under separate cover, a commission naming you as one of said delegation.

I regret to inform you, however, that the State has no fund available for the payment of any expense incurred by the delegates serving in this capacity. An acceptance of this appointment is, therefore, with the distinct understanding that you are to pay your own expenses.

Very truly yours,

William A. Stone.

Dr. Lawrence F. Flick,
