

To Dr. Flick from Dr. John S. Fulton.

State Board of Health,
10 South St., Baltimore,
July 22, 1903.

Dear Doctor:

This will introduce to you Dr. Marshall Price, Medical Officer of the Maryland Tuberculosis Commission. I hope you will show him or put him in the way of seeing the interesting things that you are doing.

He will probably speak to you about the exposition which he is getting up for Baltimore in the winter. I hope you will be interested, and will contribute a considerable exhibit of your own enterprise.

Yours very truly,

John S. Fulton,
Secretary.

Dr. Lawrence F. Flick.

Group I cf. Nov. 22, 1898.

III-IV. Feb. 1, 1904.
