

CUS417/14.44

To Dr. Flick from Dr. Knopf.

New York City,
December 10, 1903.

My dear Dr. Flick:

While you were good enough to tell me of your attitude toward the Tuberculosis Congress at our last meeting, I ask you whether you would be willing to express your opinion in writing for the purpose of my submitting your answer with the expressions of others to the men who will assemble at Baltimore.

Very sincerely yours,

S. A. Knopf.
